## SHA CERLIN AK-883-1

# SHA CERLIN Full Size Upholstered Bed Frame

Model: AK-883-1

User Instruction Manual

---

## IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Weight Limit:** Do not exceed the maximum weight limit of 800 lbs (362.87 kg).
- **Headboard Adjustment:** Be cautious when adjusting the headboard to prevent injury.
- **Assembly:** Ensure all components are securely fastened before use. Do not overtighten screws.
- **Children and Pets:** The low-profile design prevents pets from hiding and provides safety for children. However, always supervise children around the bed frame.

## PRODUCT OVERVIEW

The SHA CERLIN Full Size Upholstered Bed Frame features a modern design with a curved headboard and faux leather upholstery, designed for comfort and stability.

**Image Description:** This image shows the SHA CERLIN Full Size Upholstered Bed Frame in a black faux leather finish, positioned in a modern bedroom with large windows. The bed features a low-profile sleigh design with a curved headboard and footboard.

### Key Features:

- **Unique Modern Design:** Streamlined design with a curved headboard for a contemporary aesthetic.
- **Ergonomics Adjustable Headboard:** 120° 2-level adjustable height headboard provides comfortable back support.
- **Stable and Solid Construction:** Composed of solid wood slats and heavy-duty steel with a bold round-shape leg design, supporting up to 800 lbs.
- **Embedded Mattress Design:** Fully embedded design prevents mattress sliding.
- **Comfortable and Soft Material:** 100% Premium PU leather filled with high-density PP cotton, offering an ultra-soft texture that is breathable, easy to clean, and wear-resistant.

# PRODUCT INFORMATION

## Full Size

### Material

Faux Leather & Solid  
Wood Slats Metal Frame

### Dimensions

L x W x H  
84.25" x 61.81" x 27.17"/30.3"

### Weight Capacity

800 lbs.

**Image Description:** This image displays the key product information for the SHA CERLIN Full Size Bed Frame. It shows the overall dimensions of 84.25" L x 61.81" W, with an adjustable headboard height of 27.17" to 30.3". The material is specified as Faux Leather & Solid Wood Slats Metal Frame, and the weight capacity is 800 lbs.

## SETUP AND ASSEMBLY

Assembly of the SHA CERLIN bed frame is designed to be straightforward. All necessary tools and hardware are included. It is recommended to assemble the bed frame with two people.

### Before You Begin:

- Unpack all components and verify against the parts list in your included assembly instructions.
- Locate the hidden components: Some parts, including screws and tools, are stored within the zippered compartment inside the headboard.
- Clear an adequate space for assembly.

### Assembly Steps (General Guidance):

1. Attach the side rails to the headboard and footboard using the provided hardware.
2. Install the central support beam and legs.
3. Lay out the wooden slats. The slats feature a Velcro design for easy and secure attachment to the bed frame, preventing movement and squeaking.

4. Ensure all connections are secure but do not overtighten.

### Thickened Bed foot Design

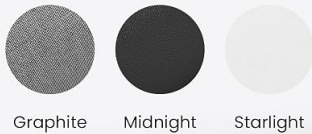

Wide metal feet increase the contact area with the ground and enhance the stability of the bed frame.

**Image Description:** This image illustrates the Velcro design on the wooden slats. The Velcro strips allow the wooden slats to stick directly onto the bed frame, facilitating easy assembly and preventing shifting.

### Unique Design

A curved frame with classic leather grain made this uniquely designed headboard.

**Image Description:** This image highlights the robust construction of the bed frame. It shows 12 solid wood slats supported by a heavy-duty steel bracket structure, designed for strong stability.

## OPERATING INSTRUCTIONS

### Adjusting the Headboard:

The headboard features a 2-level adjustable height mechanism, allowing for a 120° ergonomic recline. This adjustment provides comfortable support for various activities such as reading or watching television.

- The headboard can be adjusted between 27.3 inches and 30.3 inches in height.
- Refer to the specific instructions in your assembly manual for detailed steps on adjusting the headboard height.

# ADJUSTABLE HEADBOARD

Fit Different Mattress Thickness 8-14"

**Image Description:** This image demonstrates the adjustable headboard feature. It shows the headboard can be set to two different heights, 27.3 inches or 30.3 inches, to accommodate various mattress thicknesses from 8-14 inches.

## Mattress Compatibility:

The bed frame is designed for a full-size mattress. A mattress plus spring box is recommended not to exceed 14 inches in thickness to ensure proper fit and aesthetic with the low-profile design and embedded mattress feature.

## Low Profile Design

Low to the ground design prevents pets from hiding and provides safety for kids.

**Image Description:** This image illustrates the recommended mattress size and the embedded design. It suggests a

mattress + spring box thickness not exceeding 12 inches and shows how the mattress is fully embedded within the frame to prevent sliding.

## MAINTENANCE

### Cleaning and Care:

- To clean the faux leather upholstery, wipe with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material.
- Regularly check all bolts and screws to ensure they remain tight. Retighten as necessary to maintain stability and prevent squeaking.
- Protect the bed frame from direct sunlight and extreme temperatures to prevent material degradation.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame squeaks	Loose connections or uneven assembly.	Ensure all bolts and screws are securely tightened. The bed frame is designed with an EVA mute strip between the metal support bar and wooden slats to prevent squeaking; verify these are correctly positioned.
Mattress slides	Mattress not properly seated or embedded design not utilized.	Ensure the mattress is fully embedded within the bed frame. The design is intended to stabilize the mattress and prevent sliding.
Parts missing or damaged upon arrival	Shipping damage or packaging error.	Contact SHA CERLIN customer support immediately with details of the missing or damaged parts. Do not attempt to assemble with incomplete or damaged components.
Headboard adjustment issues	Mechanism obstruction or improper handling.	Ensure no bedding or objects obstruct the headboard adjustment mechanism. Follow the specific adjustment instructions provided in the assembly manual.
