Juskys Nizza Upholstered Bed 140x200 cm Instruction Manual

Brand: Juskys | Model: 300253

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Juskys Nizza 140x200 cm upholstered bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference. Proper assembly and care will ensure the longevity and optimal performance of your bed.

SAFETY INFORMATION

Warning: Maximum load capacity of 250 kg. Exceeding this limit may cause damage to the bed and potential injury. Be aware of sharp edges during assembly and handling to prevent cuts or injuries.

Ensure all components are securely fastened before use. Do not allow children to play on or around the bed without supervision. Keep small parts out of reach of children.

PACKAGE CONTENTS

Before assembly, verify that all parts are present. Refer to the included parts list in your physical package. Key components include:

- Upholstered bed frame (headboard, side panels, footboard)
- Slatted frame with springs
- Storage box components

- LED lighting strip and power supply
- Assembly hardware (screws, bolts, tools if provided)

If any parts are missing or damaged, please contact Jusky's customer support immediately.

SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended to have two adults for assembly. Clear a spacious area and lay out all components before starting.

1. **Unpack Components:** Carefully remove all parts from the packaging. Check against the parts list.
2. **Assemble Bed Frame:** Connect the side panels to the headboard and footboard using the provided hardware. Ensure all connections are tight and secure.
3. **Install Slatted Frame:** Place the slatted frame into the bed frame. Ensure it is properly seated and secured according to the specific design. The slatted frame includes central support for stability.
4. **Assemble Storage Box:** Construct the storage box mechanism. This typically involves attaching the gas lift cylinders to the bed frame and slatted frame. Ensure the fabric base for the storage area is correctly installed.
5. **Attach LED Lighting:** Secure the LED lighting strip to the designated area, usually along the underside of the bed frame. Connect the power supply and route the cable safely.
6. **Final Check:** Verify all screws and bolts are tightened. Ensure the bed is stable and level.

TAILLE OPTIMALE

Convient à tous les matelas courants
en 140x200 cm

OPERATING INSTRUCTIONS

Storage Box Operation

GRAND ESPACE DE RANGEMENT

grâce au coffre de rangement sous la surface
de couchage

Image: The large storage space under the bed, accessible via a gas lift mechanism. Provides approximately 800 liters of storage volume.

To access the storage compartment, gently lift the slatted frame from the foot end of the bed. The gas lift cylinders will assist in raising and holding the frame in an open position. To close, gently push the frame down until it locks into place. Avoid placing excessive weight on the lifted frame.

LED Lighting Operation

ÉCLAIRAGE INDIRECT

avec des bandes LED à faible consommation
d'énergie

Éclairage du sol
sur simple pression d'un bouton

Il suffit de le brancher dans la prise
Pas de piles gênantes

Image: The indirect LED lighting feature, providing ambient light. The lighting is controlled by a simple switch. The integrated LED lighting provides indirect ambient illumination. To activate the lighting, plug the power adapter into a standard wall outlet and use the inline switch to turn it on or off. The LED lighting is designed for accent purposes and is not dimmable. The light sources are not replaceable but can be removed for disposal according to WEEE directives.

MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your Juskys Nizza bed.

- **Velvet Upholstery:** For general cleaning, gently vacuum the velvet fabric with a soft brush attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For more stubborn stains, use a mild upholstery cleaner following the product instructions and test on an inconspicuous area first. Avoid harsh chemicals or abrasive cleaners.
- **Bed Frame:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten if necessary.
- **Slatted Frame:** Inspect the slatted frame for any signs of wear or damage. Ensure all slats are securely in place.
- **LED Lighting:** Keep the LED strip clean and free of dust. Do not attempt to replace the LED lights as they are integrated.

GRAND CONFORT

Dossier confortable

- ✓ Tête de lit haute et moelleusement rembourrée
- ✓ Tête de lit épaisse de 9 cm

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed feels unstable or wobbly.	Loose connections or uneven floor.	Check and tighten all screws and bolts. Ensure the bed is on a level surface. Adjust central support feet if applicable.
Storage box difficult to open/close.	Gas lift cylinders not installed correctly or mechanism obstructed.	Verify correct installation of gas lift cylinders. Ensure no items are obstructing the mechanism. Do not force the mechanism.
LED lighting not working.	Power cable disconnected, switch off, or faulty power supply.	Check if the power adapter is securely plugged in. Ensure the inline switch is in the "on" position. Test the outlet with another device. If issues persist, contact customer support.

Problem	Possible Cause	Solution
Missing parts during assembly.	Packaging error or lost during unpacking.	Carefully re-check all packaging materials. Contact Juskys customer support with your model number and a description of the missing parts.

SPECIFICATIONS

- **Model Number:** 300253
- **Brand:** Juskys
