

Fila SFI456

Fila Sunglasses SFI 456 0k56 Gun/Matt Black User Manual

Brand: Fila | Model: SFI456

INTRODUCTION

Thank you for choosing Fila Sunglasses SFI 456 0k56. These sunglasses are designed with contemporary optical design and crafted from high-quality materials to provide both style and protection. This manual provides essential information on the setup, operation, maintenance, and troubleshooting of your new eyewear.

SETUP

Your Fila sunglasses come ready for immediate use. Upon receiving your sunglasses, please perform the following initial checks:

- **Unboxing:** Carefully remove the sunglasses from their packaging. Retain the original case and cleaning cloth for future use.
- **Inspection:** Examine the frame and lenses for any visible damage or defects. Ensure the hinges operate smoothly.

- **Fit:** Try on the sunglasses to ensure a comfortable and secure fit. If the fit is too loose or too tight, minor adjustments can sometimes be made by an optical professional.

OPERATING YOUR SUNGLASSES

Fila SFI 456 0k56 sunglasses are designed for everyday wear, offering protection and clarity. To ensure optimal performance and longevity, handle them with care.

Key Features:

- **Plastic Frame:** Provides a lightweight and durable structure.
- **Acetate Lens:** Offers clear vision and impact resistance.
- **Non-Polarized:** Suitable for general use, providing protection from UV rays without altering visual perception of certain surfaces like LCD screens.

Wearing Instructions:

Place the sunglasses gently on your face, ensuring the nose pads rest comfortably on your nose bridge and the temples extend over your ears without causing pressure points. Avoid pushing them onto your head or using them as a headband, as this can distort the frame.

CARE AND MAINTENANCE

Proper care will extend the life and maintain the clarity of your Fila sunglasses.

Cleaning Instructions:

1. **Rinse:** Hold your sunglasses under lukewarm running water to remove any loose dirt or dust. Avoid hot water, which can damage lens coatings.
2. **Apply Cleaner:** Use a small drop of mild dish soap or a specialized lens cleaning spray on each lens.
3. **Gently Rub:** Gently rub the lenses and frame with your fingertips to clean all surfaces.
4. **Rinse Thoroughly:** Rinse again under lukewarm water to remove all soap residue.
5. **Dry:** Dry the lenses and frame with the provided microfiber cleaning cloth. Do not use paper towels, tissues, or clothing, as these can scratch the lenses.

Storage:

Always store your sunglasses in their protective case when not in use. Avoid leaving them in direct sunlight or extreme temperatures (e.g., on a car dashboard), as this can warp the frame or damage the lenses.

TROUBLESHOOTING

Below are common issues and their potential solutions:

Issue	Possible Cause	Solution
-------	----------------	----------

Issue	Possible Cause	Solution
Lenses appear dirty or smudged after cleaning	Residue from cleaning solution or improper drying cloth.	Rinse thoroughly with lukewarm water and dry with a clean microfiber cloth. Ensure no soap residue remains.
Sunglasses feel loose or slide down nose	Frame or temples may be slightly bent or nose pads need adjustment.	Visit an optical professional for proper adjustment. Avoid attempting to bend the frame yourself.
Hinges are stiff or squeaky	Accumulation of dirt or lack of lubrication.	Clean hinges with a soft brush. A tiny drop of silicone-based lubricant can be applied by an optical professional if needed.

PRODUCT SPECIFICATIONS

Attribute	Detail
