## 5. CARE & MAINTENANCE

To ensure the longevity and cleanliness of your LEGO set:

- **Cleaning:** Use a soft brush or cloth to gently remove dust. For deeper cleaning, wash LEGO bricks by hand in lukewarm water (up to 40°C / 104°F) with a mild detergent. Rinse thoroughly and air dry. Avoid using hot water, dishwashers, or washing machines, as high temperatures can damage the bricks.
- **Storage:** Store LEGO bricks in a cool, dry place away from direct sunlight to prevent discoloration and warping. Keep small pieces in organized containers to avoid loss.
- **Handling:** Handle the assembled model with care, especially when moving or rearranging modular sections, to prevent pieces from detaching.
