# LEGO Marvel Venomized Groot 76249 Instruction Manual

Detailed instructions for assembling and enjoying your transformable LEGO Marvel Venomized Groot action figure.

## INTRODUCTION

---

This manual provides comprehensive instructions for the LEGO Marvel Venomized Groot (Model 76249) building set. This set allows you to construct a movable and transformable action figure, combining the beloved Baby Groot with the iconic alien Venom. The model features articulated limbs and distinct visual elements representing both characters.

The set contains 630 pieces, offering a detailed building experience. Builders aged 10 and up will find the assembly engaging. For an enhanced building experience, the intuitive LEGO Builder app provides 3D model views and progress tracking.

## SETUP AND ASSEMBLY

---

The LEGO Marvel Venomized Groot set (76249) is designed for assembly, allowing for a customizable display. You can choose to build the figure as a partially Venomized Groot or a fully Venomized version by interchanging specific brick elements. The primary instruction booklet guides you through the initial build, while the LEGO Builder app offers digital instructions for alternative configurations.

#### Assembly Steps Overview:

1. **Unpack Components:** Carefully open the packaging and sort the 630 LEGO building elements. It is recommended to organize pieces by color and type to facilitate the building process.
2. **Follow Instructions:** Refer to the included physical instruction booklet for step-by-step guidance. Each step clearly illustrates which pieces are needed and where they should be placed.
3. **Digital Instructions (Optional):** For an interactive experience, download the LEGO Builder app. This app provides 3D building instructions, allowing you to zoom and rotate the model as you build.
4. **Customization:** The set includes additional pieces to fully transform the figure into a completely Venomized version. These parts include Venom's signature long tongue, sharp teeth, and flexible tentacles.

## OPERATING AND POSING THE FIGURE

The LEGO Marvel Venomized Groot figure is designed for dynamic posing and imaginative play. Its articulated joints allow for a wide range of movements, enabling various display options and interactive scenarios.

- **Articulated Joints:** The figure features movable arms, legs, hips, and head. Gently manipulate these joints to achieve desired poses.
- **Expressive Features:** The Venomized elements, such as the long red tongue, sharp white teeth, and flexible tentacles, can be adjusted to enhance the figure's expression and pose.
- **Stable Posing:** The design incorporates stable foot and leg connections to help the figure stand upright in various

action poses.

## MAINTENANCE

Proper care and maintenance will ensure the longevity and appearance of your LEGO Marvel Venomized Groot figure.

- **Cleaning:** To clean the LEGO bricks, use a soft brush or a damp cloth with mild soap and water. Avoid harsh chemicals or abrasive materials, as these can damage the plastic. Rinse thoroughly and air dry.
- **Storage:** Store the assembled figure or individual bricks in a cool, dry place away from direct sunlight to prevent discoloration and material degradation. Keep small pieces in a container to avoid loss.

- **Disassembly:** If disassembling the model, do so gently to prevent stress on the bricks. Store disassembled pieces in labeled bags or containers.

## TROUBLESHOOTING

---

Should you encounter any issues with your LEGO Marvel Venomized Groot set, please refer to the following common solutions:

- **Missing Pieces:** In the rare event of missing pieces, please visit the official LEGO Customer Service website to request replacement parts. You will typically need the set number (76249) and the specific part number, if available.
- **Assembly Difficulties:** If you are having trouble with a particular step, double-check the instruction manual. The LEGO Builder app can also provide a clearer 3D view of the assembly process, which may help resolve confusion.
- **Loose Connections:** Ensure that all bricks are firmly pressed together. Some connections may require a bit more pressure to secure properly.
