Playseat G.00320

PLAYSEAT Trophy - Logitech G Edition Sim Racing Cockpit

Model: G.00320 | Brand: Playseat

1. INTRODUCTION

The Playseat Trophy - Logitech G Edition Sim Racing Cockpit is engineered to provide an immersive and comfortable racing experience. Featuring a patented, revolutionary design, this cockpit is constructed from lightweight carbon steel for extreme robustness and durability. It incorporates ActiFit material for optimal comfort and heat dissipation during extended use, and offers extensive adjustability for steering, pedals, and seating position to suit various racing styles and user preferences.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all bolts and fasteners are securely tightened before each use. Loose connections can lead to instability.
- Do not exceed the recommended weight capacity of the cockpit.
- Place the cockpit on a stable, level surface to prevent tipping.
- Keep hands and fingers clear of moving parts during adjustment to avoid pinching.
- Do not modify the cockpit structure or components, as this may compromise its integrity and void the warranty.
- Keep children and pets away from the cockpit during assembly and use.

3. SETUP AND ASSEMBLY

The Playseat Trophy is designed for straightforward assembly. An instruction manual and hex key are included in the package to assist with the process.

3.1 Frame Assembly

Begin by assembling the lightweight carbon steel frame. Follow the step-by-step instructions provided in the included manual to connect the main structural components. Ensure all connections are firm and secure.

Image 3.1: The robust high carbon steel frame provides extreme rigidity for an optimal racing experience.

3.2 Seat and Material Attachment

Attach the ActiFit seat and other material components to the assembled frame. The ActiFit material is designed to conform comfortably to your body and dissipate heat, ensuring comfort during long racing sessions.

ACTIFIT™ MATERIAL

DISSIPATES HEAT DURING LONG STINTS.

Image 3.2: The ActiFit material dissipates heat, enhancing comfort during extended use.

3.3 Adjustments for Optimal Positioning

The cockpit features fully adjustable pedal and steering plates, allowing for ultimate flexibility in positioning your racing hardware. Adjustments can be made to tilt forward or backward, and move up or down, to achieve the ideal driving position for any racing style, from single-seater to stock car. All adjustments can be bolted down for complete fixation.

FULLY ADJUSTABLE

**ADJUSTABLE STEERING AND PEDAL PLATE
FOR IDEAL RACE POSITIONING.**

Image 3.3: Adjustable steering and pedal plates allow for precise positioning to suit your racing style.

OPEN COCKPIT DESIGN

ADJUSTABLE BACKREST FOR OPTIMAL PERFORMANCE.

4. OPERATION

Once assembled and adjusted, the Playseat Trophy provides a stable and comfortable platform for your sim racing setup. The open cockpit design allows for free leg movement, optimizing throttle, brake, and clutch performance. The backrest can recline separately and offers fully adjustable lumbar support.

Image 4.1: The open cockpit design and adjustable backrest provide optimal performance and comfort.

4.1 Storage

Weighing approximately 37 lbs (17 kg), the Playseat Trophy is one of the lightest cockpits on the market, making it easy to move and store when not in use.

Image 4.2: The lightweight design allows for easy storage.

5. MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your Playseat Trophy cockpit.

- **Cleaning:** Wipe down the metal frame with a damp cloth. For the ActiFit material and PU leather, use a mild soap solution and a soft cloth, then air dry. Avoid harsh chemicals or abrasive cleaners.
- **Fastener Checks:** Periodically inspect all bolts, screws, and connections to ensure they remain tight. Re-tighten as necessary to maintain stability and prevent squeaks.
- **Storage:** When not in use, store the cockpit in a clean, dry environment away from direct sunlight and extreme temperatures.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your Playseat Trophy cockpit.

Issue	Possible Cause	Solution
Cockpit feels unstable or wobbly.	Loose bolts or uneven surface.	Ensure all assembly bolts are fully tightened. Verify the cockpit is on a flat, level surface.
Difficulty adjusting steering/pedal plates or seat.	Adjustment bolts are too tight or components are misaligned.	Loosen the relevant adjustment bolts sufficiently. Reposition the component, then re-tighten the bolts firmly.
Squeaking noises during use.	Loose connections or friction between metal parts.	Check and tighten all bolts. Apply a small amount of silicone lubricant to pivot points if necessary.
Seat material shows signs of wear or tearing.	Normal wear and tear or manufacturing defect.	For significant or premature wear, refer to the warranty section and contact Playseat customer support.

7. SPECIFICATIONS

Key technical specifications for the Playseat Trophy - Logitech G Edition Sim Racing Cockpit:

Feature	Detail
Model Name	Trophy - Logitech G Edition
Part Number	G.00320
Manufacturer	Playseat
