Skagen SKW6873

Skagen SKW6873 Grenen Solar Halo Men's Watch Instruction Manual

Model: SKW6873

1. INTRODUCTION

This manual provides essential instructions for the proper use, care, and maintenance of your Skagen SKW6873 Grenen Solar Halo Men's Watch. Please read this manual thoroughly to ensure optimal performance and longevity of your timepiece. This watch features a solar-powered movement and a design incorporating recycled stainless steel and a leather strap.

2. PRODUCT OVERVIEW

The Skagen SKW6873 Grenen Solar Halo watch combines a modern aesthetic with functional design. It features a 37mm case made from over 50% recycled stainless steel, a charcoal matte dial, and an ocean blue leather strap.

Figure 2.1: Front view of the Skagen SKW6873 Grenen Solar Halo watch, showcasing the charcoal matte dial with yellow hour markers and hands, and the blue leather strap.

Figure 2.2: Full length view of the Skagen SKW6873 watch, displaying the watch head and the blue leather strap with light blue and yellow stitching details near the lugs.

Key Features:

- **Case Material:** Over 50% recycled stainless steel.
- **Dial:** Charcoal matte with solar halo design.
- **Strap Material:** Ocean blue leather, sourced from a Leather Working Group (LWG) certified factory.
- **Movement:** Solar-powered.
- **Case Diameter:** 37mm.

3. SETUP AND INITIAL USE

3.1 Charging the Watch

Your Skagen Grenen Solar Halo watch is powered by light. For initial setup or if the watch has stopped, expose the dial to a bright light source (natural sunlight is ideal) for several hours. The watch will begin to operate once sufficient charge is accumulated. Avoid prolonged storage in dark places to maintain charge.

3.2 Setting the Time

1. Pull the crown (the small knob on the side of the watch case) out to the furthest position.
2. Rotate the crown clockwise or counter-clockwise to set the hour and minute hands to the correct time.
3. Once the time is set, push the crown back into its normal operating position against the watch case.

Figure 3.1: Side view of the watch, highlighting the crown used for time adjustment.

4. OPERATING THE WATCH

Once charged and the time is set, your Skagen Grenen Solar Halo watch will operate continuously as long as it receives adequate light exposure. The watch displays hours and minutes using its central hands.

5. MAINTENANCE AND CARE

5.1 Cleaning

- Wipe the watch case and crystal with a soft, dry cloth.
- For the leather strap, gently wipe with a slightly damp cloth and allow it to air dry. Avoid excessive moisture.

5.2 Strap Information

The watch features an ocean blue leather strap. Please note that **the watch strap cannot be replaced**. The leather is sourced from a Leather Working Group (LWG) certified factory, indicating responsible leather manufacturing practices.

Figure 5.1: Back view of the watch, showing the blue leather strap and the Skagen-branded buckle.

5.3 Water Resistance

Refer to the markings on the watch case back for specific water resistance ratings. Avoid exposing the watch to water beyond its specified resistance level.

6. TROUBLESHOOTING

- **Watch has stopped:** Ensure the watch is exposed to sufficient light for charging. Place it under a bright light source for several hours.
- **Time is incorrect:** Follow the instructions in Section 3.2 to reset the time.
- For any other issues, please refer to the support information provided in Section 8.

7. SPECIFICATIONS

- **Model Number:** SKW6873
- **Case Diameter:** 37mm
- **Case Thickness:** 5.6mm
- **Strap/Lug Width:** 22mm
