ELEVON 30 Inch Metal Bar Stools

Elevon 30 Inch Metal Bar Stools Instruction Manual

Model: 30 Inch Metal Bar Stools (Set of 2)

1. PRODUCT OVERVIEW

The Elevon 30 Inch Metal Bar Stools are designed for versatile use in both indoor and outdoor environments. These backless stools feature a durable metal construction, an X-brace for stability, and rubber feet to protect floors. They are fully assembled and stackable for convenient storage.

Image 1.1: An Elevon 30 Inch Metal Bar Stool positioned on a wooden deck, demonstrating its suitability for outdoor use.

- **Durable Construction:** Made from 100% metal with a scratch and mark resistant finish.
- **Versatile Use:** Suitable for home, restaurant, bistro, patio, cafe, and bar settings.
- **Stability:** Each stool includes an X-brace under the seat for enhanced support.
- **Space-Saving Design:** Stools are stackable for efficient storage.
- **Floor Protection:** Equipped with rubber feet to prevent sliding and scratching of floors.
- **Weather Resistant:** Double varnish painted for water and rust resistance, ideal for indoor and outdoor use.

2. SETUP AND PLACEMENT

Your Elevon Metal Bar Stools arrive fully assembled, requiring no additional setup. Simply unpackage them and place them in your desired location.

2.1 Placement Considerations

- Ensure the floor surface is level to prevent wobbling.
- For outdoor use, while the stools are water and rust-resistant, prolonged exposure to extreme weather conditions may affect their finish over time. Consider covering or storing them during harsh weather.
- Maintain adequate space around each stool for comfortable seating and movement.

3. OPERATING INSTRUCTIONS

These bar stools are designed for seating purposes. Please adhere to the following guidelines for safe and proper use:

- **Weight Capacity:** The maximum recommended load for each stool is 149.69 kg (approximately 330 lbs). Do not exceed this weight limit to ensure safety and product longevity.
- **Seating Position:** Sit centrally on the stool. Avoid standing on the stool or using it as a step ladder.
- **Movement:** When moving the stools, lift them rather than dragging to prevent damage to floors and the stool's rubber feet.
- **Stacking:** When stacking stools for storage, ensure they are aligned properly to prevent tipping and damage.

Image 3.1: Visual representation of the stool's dimensions (30 inches height, 12 inches width) and maximum weight capacity (330 lbs).

4. MAINTENANCE AND CARE

Proper maintenance will help preserve the appearance and extend the life of your Elevon Metal Bar Stools.

- **Cleaning:** Wipe with a damp cloth. For stubborn dirt, a mild soap solution can be used, followed by wiping with a clean, damp cloth and drying thoroughly.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Rust Prevention:** Although the stools are rust-resistant, regularly inspect for any signs of wear or damage to the protective coating, especially if used outdoors. Touch up any exposed metal areas with appropriate rust-inhibiting paint if necessary.
- **Floor Protectors:** Periodically check the rubber feet for wear and tear. Replace if damaged to continue protecting your floors.

Image 4.1: A detailed view of the stool's waterproof coating, showing water droplets beading on the surface, highlighting its resistance to moisture.

5. TROUBLESHOOTING

This section addresses common concerns you might encounter with your bar stools.

- **Wobbling Stool:** If a stool wobbles, ensure it is placed on a completely flat and even surface. Uneven flooring is the most common cause of wobbling. Check if any of the rubber feet are missing or damaged.
- **Scratches on Floor:** If you notice scratches on your floor, inspect the rubber feet on the bottom of the stool legs. They might be worn out, missing, or have debris stuck to them. Clean or replace the rubber feet as needed.
- **Rust Appearance:** While designed to be rust-resistant, rust can occur if the protective coating is compromised, especially in humid or outdoor environments. Refer to the 'Maintenance and Care' section for prevention and treatment.

6. SPECIFICATIONS

Feature	Detail
Brand	ELEVON
Model Name	30 Inch Metal Bar Stools
ASIN	B0BSVJPLS6
Material	100% Metal
Color	Black
Seat Height	30 Inches (76.2 cm)
