OPERATING INSTRUCTIONS

The Cry Babies Magic Tears Daisy doll is designed to cry real tears. Follow these steps to activate this feature:

1. **Fill the Baby Bottle:** Fill the included baby bottle with clean water.
2. **Feed the Doll:** Gently feed the water to the doll using the baby bottle. Ensure the water reservoir inside the doll is filled.

3. **Make Her Cry:** Once the doll has been fed water, gently squeeze her head or body to make tears flow from her eyes.

MAINTENANCE

- **Cleaning the Doll:** To clean the doll, wipe with a damp cloth. Do not submerge the doll in water, especially if the water reservoir is full, to prevent damage to internal mechanisms.
- **Drying:** After making the doll cry, ensure to empty any remaining water from the reservoir and allow the doll to

air dry completely to prevent mold or mildew.

- **Outfit Care:** The silicone outfit can be gently hand-washed with mild soap and water, then air-dried.
