Vente-unique MODULO V

Vente-unique MODULO V High Bed with Convertible Bench - Instruction Manual

Model: MODULO V

1. INTRODUCTION

Thank you for choosing the Vente-unique MODULO V High Bed with Convertible Bench. This manual provides essential information for the safe assembly, operation, and maintenance of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

The MODULO V is a versatile furniture piece featuring a 90 x 190 cm high bed and a convertible bench that transforms into a 135 x 190 cm bed. It is constructed from durable white metal and includes a comfortable black futon for the bench.

2. SAFETY INFORMATION

Adherence to these safety guidelines is crucial for preventing injury and ensuring the longevity of your product.

- **Assembly:** Ensure all components are correctly assembled and all fasteners are securely tightened before use. Periodically check and re-tighten all screws and bolts.
- **Weight Capacity:** The upper bed has a maximum supported load of 150 kg. The convertible bench has a maximum supported load of 200 kg. Do not exceed these limits.
- **Upper Bed Usage:** The upper bed is suitable for children aged 6 years and older. Younger children should not use the upper bunk.
- **Fall Hazard:** Do not allow jumping on the bed. Ensure the safety rail is always in place when the upper bed is in use.
- **Ventilation:** Ensure adequate ventilation around the futon to prevent moisture buildup.
- **Ladder Safety:** Always use the ladder for access to the upper bed. Do not climb on any other part of the bed frame. Ensure the ladder is securely attached.
- **Placement:** Position the bed away from windows, cords, or other items that could pose a strangulation hazard.

3. PACKAGE CONTENTS

Before assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged,

contact Vente-unique customer support immediately.

- 1 x MODULO V High Bed Frame (White Metal)
- 1 x Slatted Base for Upper Bed
- 1 x Convertible Bench Frame (Integrated into main frame)
- 1 x MODULO Futon (Black, Cotton/Polyester)
- 1 x Reversible Ladder
- Assembly Hardware (screws, bolts, nuts, Allen key, etc.)
- Assembly Instructions (this document)

4. SETUP AND ASSEMBLY

Assembly of the MODULO V High Bed requires two adults. Follow the step-by-step diagrams provided in the separate assembly guide included in your package. Ensure you have sufficient space for assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Check against the package contents list.
2. **Assemble Main Frame:** Begin by connecting the main vertical and horizontal metal frame sections as per the diagrams. Do not fully tighten screws until all sections are loosely connected.
3. **Install Slatted Base:** Secure the slatted base for the upper bed into the designated slots.
4. **Attach Convertible Bench Mechanism:** Integrate the convertible bench frame and its mechanism into the lower section of the bed. Ensure smooth operation.
5. **Mount Ladder:** Attach the reversible ladder to either side of the bed frame, as desired. Ensure it is firmly secured.
6. **Final Tightening:** Once all components are in place and aligned, fully tighten all screws and bolts using the provided tools. Do not overtighten.
7. **Place Futon:** Position the black futon onto the convertible bench.

Note: The upper bed requires a 90 x 190 cm mattress (not included). The convertible bench uses the provided 135 x 190 cm futon.

5. OPERATING INSTRUCTIONS

The MODULO V offers flexibility with its convertible bench feature.

- **Using the Upper Bed:** Access the upper bed using the reversible ladder. Ensure the safety rail is always in

place.

- **Converting the Bench to a Bed:** To transform the bench into a 135 x 190 cm bed, carefully follow the mechanism's instructions. Typically, this involves lifting and pulling the seat section forward, then lowering the backrest. Ensure the futon is properly positioned for comfort.
- **Converting the Bed to a Bench:** To return to the bench configuration, reverse the steps, lifting the backrest and pushing the seat section back until it locks into the bench position.

6. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your MODULO V High Bed.

- **Cleaning the Metal Frame:** Wipe the white metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Cleaning the Futon:** The black futon can be spot cleaned with a mild detergent and water. Allow it to air dry completely. Refer to the futon's care label for specific instructions.
- **Fastener Checks:** Periodically (e.g., every 3-6 months) inspect all screws, bolts, and connections. Re-tighten any loose fasteners to ensure stability and safety.
- **Mechanism Lubrication:** If the convertible bench mechanism becomes stiff, apply a small amount of silicone-based lubricant to the moving parts.

7. TROUBLESHOOTING

If you encounter issues with your MODULO V High Bed, refer to the following common solutions:

- **Bed feels wobbly:** Check all assembly fasteners. Ensure they are fully tightened. Verify that the bed is placed on a level surface.
- **Difficulty converting bench:** Ensure no obstructions are present. Check that the mechanism is clean and free of debris. Apply lubricant if necessary (see Maintenance).
- **Squeaking noises:** Identify the source of the noise. Often, it can be resolved by tightening loose connections or applying lubricant to moving parts.
- **Missing parts during assembly:** Double-check all packaging. If parts are genuinely missing, contact Vente-unique customer support with your purchase details.

8. SPECIFICATIONS

Detailed specifications for the Vente-unique MODULO V High Bed with Convertible Bench:

Feature	Detail
Brand	Vente-unique
Model	MODULO V
Bed Material	Metal
