The FAUSTO coffee table features a unique swiveling top and integrated storage niches, designed for both functionality and style. It is constructed from lacquered MDF in natural and black finishes.

2. Safety Warnings

WARNING: Failure to follow these safety instructions could result in injury or damage to the product.

- Assemble with caution. Ensure all components are correctly aligned and securely fastened before use.
- Do not exceed the recommended maximum load capacity of **20 kg**. Overloading can cause instability and damage.
- Install the table on a flat, stable surface to prevent tipping.
- Keep small parts and packaging materials away from children during assembly to prevent choking hazards.
- Regularly check all fasteners to ensure they remain tight. Retighten as necessary.

3. Setup & Assembly

The Vente-unique FAUSTO Coffee Table requires self-assembly. It is recommended to have two people for assembly to ensure stability and ease of handling. Please ensure you have sufficient space and all tools required (not included, typically a screwdriver).

3.1. Unpacking

1. Carefully open the packaging and remove all components.
2. Verify that all parts listed in the parts list (usually provided in a separate diagram) are present and undamaged.
3. Place all components on a soft, clean surface to prevent scratches during assembly.

3.2. Assembly Steps

Follow the detailed assembly diagrams provided with your product. General steps include:

1. Attach the base components together using the provided hardware.
2. Secure the central support mechanism for the swiveling top.
3. Mount the swiveling top onto the central support, ensuring smooth rotation.
4. Insert the storage niche dividers into their designated slots.
5. Once assembled, gently lift and place the table in its desired location. Do not drag.

4. Operating Instructions

The FAUSTO Coffee Table is designed for ease of use with its distinctive swiveling top and integrated storage.

4.1. Swiveling Top Functionality

The top surface of the coffee table can be manually swiveled to reveal or conceal the internal storage niches. To swivel, gently push or pull the top surface in the desired direction. Ensure there are no obstructions in the path of the swiveling mechanism.

4.2. Storage Niches

The table features four integrated niches (L39.7 x P27.6 x H4.5 cm) located within the base, accessible when the top is swiveled. These niches are suitable for storing small items such as remote controls, magazines, or decorative objects. Do not place heavy items in the niches to avoid exceeding the table's overall weight capacity.

5. Maintenance

Proper care will ensure the longevity and appearance of your FAUSTO Coffee Table.

- **Cleaning:** Wipe the surfaces with a damp cloth. For stubborn marks, use a mild, non-abrasive cleaner specifically designed for lacquered MDF surfaces. Dry immediately with a clean, soft cloth.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong chemical agents, as these can damage the lacquered finish.
- **Protect Surfaces:** Use coasters under drinks and placemats under hot items to prevent rings and heat damage.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration over time.
- **Humidity:** Maintain a stable humidity level in the room to prevent warping or cracking of the wood material.

6. Troubleshooting

If you encounter any issues with your FAUSTO Coffee Table, please refer to the following common solutions:

6.1. Table is Unstable/Wobbly

- Ensure the table is placed on a flat, even surface.
- Check all assembly fasteners. Tighten any loose screws or bolts.

6.2. Swiveling Top is Stiff or Not Moving Smoothly

- Inspect the swiveling mechanism for any obstructions or debris.
- Ensure the table is not overloaded, as excessive weight can hinder movement.
- Verify that all assembly steps related to the swiveling mechanism were followed correctly.

6.3. Scratches or Dents on Surface

- For minor scratches, furniture repair kits or touch-up pens designed for lacquered MDF may be used. Always test on an inconspicuous area first.
- Prevent future damage by using protective pads under items placed on the table.
