2. SAFETY INFORMATION

Please read all safety instructions carefully before using this product. Failure to follow these instructions may result in electric shock, fire, or other injuries.

- Do not expose the headphones to extreme temperatures or humidity.
- Do not disassemble or modify the headphones. This will void the warranty.
- Keep the headphones away from children and pets.
- Use only the provided charging cable or a certified equivalent.
- Avoid listening at high volumes for extended periods to prevent hearing damage.
- While the headphones are IPX5 waterproof, they are not designed for submersion. Avoid direct exposure to strong jets of water.

3. SETUP AND INITIAL USE

3.1 Charging the Headphones

Before first use, fully charge your HiFuture FutureMate headphones. A Lithium Ion battery is included and pre-installed.

1. Connect the charging cable to the charging port on the headphones.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show the charging status (e.g., red for charging, blue for fully charged).
4. Charging typically takes approximately 1.5-2 hours for a full charge.

3.2 Pairing with a Bluetooth Device

To connect your headphones to your smartphone, tablet, or other Bluetooth-enabled device:

1. Ensure the headphones are fully charged and turned off.
2. Press and hold the Power button on the headphones until the LED indicator flashes rapidly (usually blue and red), indicating pairing mode.
3. On your device, go to Bluetooth settings and turn Bluetooth on.
4. Search for available devices. You should see "HiFuture FutureMate" or a similar name appear in the list.
5. Select "HiFuture FutureMate" to connect. Once connected, the LED indicator will typically show a solid blue light or flash slowly.
6. If prompted for a password, enter "0000".

The headphones will automatically reconnect to the last paired device when turned on, if the device's Bluetooth is active and within range.

4. OPERATING THE HEADPHONES

4.1 Power On/Off

- **Power On:** Press and hold the Power button for 3 seconds.
- **Power Off:** Press and hold the Power button for 5 seconds.

4.2 Music Playback

- **Play/Pause:** Press the Multi-function button once.
- **Next Track:** Press and hold the Volume Up button for 2 seconds.
- **Previous Track:** Press and hold the Volume Down button for 2 seconds.
- **Volume Up:** Short press the Volume Up button.
- **Volume Down:** Short press the Volume Down button.

5. MAINTENANCE AND CARE

Proper care will extend the lifespan of your headphones.

- **Cleaning:** Wipe the headphones with a soft, damp cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** The IPX5 rating means the headphones are resistant to low-pressure water jets from any direction. Do not submerge them in water or expose them to high-pressure water. Ensure the charging port cover is

securely closed when not charging.

- **Battery Care:** To preserve battery life, charge the headphones at least once every three months if not used regularly.

6. TROUBLESHOOTING

Problem	Possible Solution
Headphones do not power on.	Ensure the headphones are fully charged. Press and hold the Power button for 3 seconds.

Problem	Possible Solution
Cannot pair with device.	Ensure headphones are in pairing mode (flashing LED). Turn off and on Bluetooth on your device. Forget "HiFuture FutureMate" from your device's Bluetooth list and try pairing again. Ensure headphones are within 10 meters of your device.
No sound or low volume.	Increase volume on both headphones and your connected device. Ensure headphones are properly connected to your device. Try playing different audio sources.
Poor call quality.	Ensure the microphone is not obstructed. Move closer to your connected device. Reduce background noise if possible.
