› Mabahoo Manual Can Opener (Model 663211) Instruction Manual

Mabahoo 663211

Mabahoo Manual Can Opener (Model 663211)

Instruction Manual

1. INTRODUCTION

Thank you for choosing the Mabahoo Manual Can Opener. This heavy-duty, hand-held can opener is designed for ease of use and durability, featuring a stainless steel construction, a smooth-edge cutting mechanism, and an integrated bottle opener. Please read this manual carefully before use to ensure safe and efficient operation.

2. SAFETY INSTRUCTIONS

- Always handle the can opener with care, as the cutting blade is sharp.
- Keep out of reach of children.
- Ensure the can opener is clean and dry before and after each use.
- Do not force the mechanism if it feels stiff; check for obstructions.
- Dispose of opened can lids carefully to avoid injury from sharp edges.

3. PRODUCT OVERVIEW

The Mabahoo Manual Can Opener features a robust design for efficient can opening and includes a bottle opener function.

Opens Any Can With Ease Prime for Everyone With Arthritis

4. OPERATING INSTRUCTIONS

4.1 Opening Cans

1. **Step 1: Position the Can Opener.** Open the handles of the can opener and place the cutting wheel onto the edge of the can lid. Ensure the gear is positioned just inside the can's rim.
2. **Step 2: Clamp the Can.** Squeeze the handles firmly together to puncture the can lid with the cutting wheel and engage the gear with the can's rim.
3. **Step 3: Turn the Knob.** While holding the handles tightly, turn the oversized knob clockwise. The can opener will smoothly cut around the can's perimeter.
4. **Step 4: Remove the Lid.** Continue turning the knob until the can is fully opened. Release the handles to detach the can opener from the can. Carefully remove the lid.

Easy to Use Open Cans With Ease

Open the handles and place the cutting wheel on the lid

Clamp the cover edge with gears and blades then squeeze the handles to puncture the can

Hold tight handles and Keep the knob twirling

Turn the knob clockwise, until the lid is totally opened

5. MAINTENANCE AND CLEANING

To ensure the longevity and hygiene of your Mabahoo Manual Can Opener, follow these cleaning instructions:

- After each use, wash the can opener with warm, soapy water.
- Use a brush to clean any food particles from the cutting wheel and gear.
- Rinse thoroughly under running water.
- Dry immediately with a clean cloth to prevent water spots and rust, especially on the stainless steel components.
- Store in a dry place.

Easy To Clean

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Can opener does not cut.	Handles not squeezed firmly enough; cutting wheel not aligned.	Ensure handles are squeezed tightly to engage the cutting wheel and gear. Reposition the can opener on the can's rim.
Lid has jagged edges.	Improper alignment or dull blade.	Ensure the can opener is properly aligned. If the blade is dull after extended use, consider replacement.
Knob is difficult to turn.	Food debris caught in mechanism; can opener is dry.	Clean the can opener thoroughly. A small amount of food-grade mineral oil can be applied to the moving parts if needed.

7. SPECIFICATIONS
