Quoizel Barber Coastal Armour Outdoor Wall Lantern Instruction Manual

Model: BAB8408ABA

1. INTRODUCTION

This manual provides detailed instructions for the safe installation, operation, and maintenance of your Quoizel Barber Coastal Armour Outdoor Wall Lantern. Please read all instructions carefully before beginning installation and retain this manual for future reference.

The Quoizel Barber Outdoor Wall Lantern is designed for exterior use, featuring a durable antique brushed aluminum finish and clear seeded glass, suitable for patios, porches, or garages.

2. SAFETY INFORMATION

WARNING: Risk of electric shock. Disconnect power at the fuse box or circuit breaker before installation or servicing.

- All electrical connections must be in accordance with local codes, ordinances, or the National Electric Code (NEC).
- Consult a qualified electrician if you are unfamiliar with electrical wiring.
- Use only UL or ETL listed wire connectors.
- Do not exceed the maximum wattage specified for this fixture.
- Ensure the fixture is properly grounded.
- Wear safety glasses and gloves during installation.

3. WHAT'S IN THE BOX

Carefully unpack your fixture and check that all parts are included. If any parts are missing or damaged, do not attempt to assemble or install the product. Contact customer support for assistance.

- Fixture Body with Mounting Plate
- Glass Shade (Clear Seeded)
- Mounting Hardware (Screws, wire nuts)
- Instruction Sheet

4. SETUP AND INSTALLATION

Follow these steps to install your outdoor wall lantern. Professional installation is recommended if you are not experienced with electrical wiring.

4.1 Prepare for Installation

1. **Turn off power:** Locate the circuit breaker or fuse box and turn off the power to the junction box where the fixture will be installed.
2. **Unpack:** Carefully remove the fixture and all parts from the packaging.

4.2 Mounting the Fixture

1. Attach the mounting plate to the junction box using the provided screws. Ensure the plate is securely fastened.
2. Thread the fixture wires through the center hole of the mounting plate.

4.3 Wiring Connections

Make the following electrical connections using the provided wire nuts:

- Connect the **black** wire from the fixture to the **black** (hot) wire from the junction box.
- Connect the **white** wire from the fixture to the **white** (neutral) wire from the junction box.
- Connect the **ground** wire from the fixture (bare copper or green) to the **ground** wire from the junction box.

Ensure all wire connections are secure and insulated with electrical tape if necessary. Carefully tuck all wires into the junction box.

4.4 Securing the Fixture and Installing Bulb

1. Align the fixture body with the mounting plate and secure it using the decorative nuts or screws provided.
2. Install one (1) incandescent or CFL bulb with an E26 Medium base, not exceeding 100 watts. (Bulb not included).
3. Carefully place the clear seeded glass shade onto the fixture and secure it according to the fixture design.

4.5 Final Step

1. Restore power at the circuit breaker or fuse box.
2. Test the fixture to ensure it is working correctly.

5. OPERATING INSTRUCTIONS

The Quoizel Barber Outdoor Wall Lantern is designed to be controlled by a standard wall switch or a compatible remote control system (if installed separately). Simply toggle the connected wall switch to turn the light on or off.

6. MAINTENANCE

6.1 Cleaning

To clean the fixture, ensure the power is off. Wipe the exterior with a soft, damp cloth. Do not use abrasive cleaners or solvents, as they may damage the finish or glass. For the clear seeded glass, a mild glass cleaner can be used, applied to a cloth first, not directly to the fixture.

6.2 Bulb Replacement

Before replacing the bulb, ensure the power to the fixture is turned off and the bulb has cooled completely.

1. Carefully remove the glass shade to access the bulb.
2. Unscrew the old bulb counter-clockwise.
3. Screw in a new E26 Medium base bulb, ensuring it does not exceed 100 watts.
4. Reattach the glass shade securely.
5. Restore power and test the new bulb.

Figure 3: Close-up view of the fixture, highlighting the bulb and seeded glass.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on	No power to the fixture Loose wire connection Faulty bulb	Check circuit breaker/fuse Verify all wire connections are secure (power off) Replace bulb
Light flickers	Loose bulb Incorrect bulb wattage Loose wire connection	Tighten bulb Ensure bulb wattage is within specifications Check wire connections (power off)
Glass shade is loose	Improperly secured shade	Re-secure the glass shade according to installation steps

8. SPECIFICATIONS

- **Brand:** Quoizel
- **Model:** BAB8408ABA
- **Color:** Antique Brushed Aluminum
- **Material:** Aluminum
- **Style:** Antique
- **Light Fixture Form:** Sconce
- **Indoor/Outdoor Usage:** Outdoor
