### Delta Children W103150-1482

# Delta Children Essex 4-in-1 Convertible Baby Crib Instruction Manual

Model: W103150-1482 (Ebony with Natural Legs)

## PRODUCT OVERVIEW

The Delta Children Essex 4-in-1 Convertible Baby Crib is designed to adapt to your child's growth, transitioning from a crib to a toddler bed, daybed, and full-size sofa. This crib features a stylish ebony finish with natural-finished angled legs, offering a timeless and modern aesthetic for any nursery.

- **4-in-1 Convertibility:** Crib converts to toddler bed, daybed, and sofa. (Daybed/Sofa Rail included; Toddler Guardrail 0094 sold separately).
- **Adjustable Mattress Height:** Features 3 convenient mattress support positions to accommodate your growing baby.
- **Safety Certified:** JPMA Certified to meet or exceed all safety standards set by ASTM. Tested for lead and other toxic elements. Greenguard Gold Certified for low chemical emissions.
- **Material:** Constructed from durable pine and poplar wood.
- **Dimensions:** Assembled dimensions are 54"L x 29.5"W x 34"H.
- **Weight:** Approximately 40.2 pounds.

## **SETUP AND ASSEMBLY**

Assembly of the Delta Children Essex Crib is designed to be straightforward. All necessary tools and hardware are typically included. It is recommended to have two adults for assembly to ensure safety and ease of construction.

### **General Assembly Notes:**

- Carefully unpack all components and verify against the parts list in your included manual.
- Ensure all screws and fasteners are securely tightened, but do not overtighten to avoid damaging the wood.
- Place the crib on a soft, clean surface during assembly to prevent scratches.

## CONVERTIBILITY FEATURES

The Essex crib is designed for long-term use, adapting to your child's needs as they grow. It converts into four different configurations:

### 1. Crib Mode

The primary function for infants, providing a safe and enclosed sleeping environment. The mattress support can be adjusted to three different heights.

### 2. Toddler Bed Mode

As your child outgrows the crib, it can be converted into a toddler bed by removing the front rail and adding a toddler guardrail (sold separately). This allows for easier access while maintaining a secure sleeping space.

### **3. Daybed Mode**

For older children, the crib can transform into a daybed by removing the front rail entirely. The daybed/sofa rail is included with the crib.

*Image: The crib configured as a daybed, suitable for a child's room or play area.*

#### **4. Sofa Mode**

The crib can also be used as a small sofa, providing additional seating in a child's room or other living spaces. The daybed/sofa rail is included.

## ADJUSTABLE MATTRESS HEIGHT

The crib features an adjustable mattress support with three positions. This allows you to lower the mattress as your baby grows and becomes more mobile, ensuring their safety by preventing them from climbing out.

- **Highest Position:** Ideal for newborns and younger infants, making it easier for parents to reach the baby.
- **Middle Position:** For babies who can push up on their hands and knees.
- **Lowest Position:** For active babies who can stand.

**\*Positions measured from the top of a 6" mattress**

## CARE AND MAINTENANCE

Proper care and maintenance will extend the life of your Delta Children Essex Crib.

- **Cleaning:** Wipe clean with a damp cloth. Avoid abrasive cleaners or strong chemicals that could damage the finish.
- **Inspection:** Regularly check all screws, bolts, and fasteners to ensure they are tight and secure. Do not overtighten.
- **Storage:** If storing the crib, disassemble it carefully and store components in a dry, temperature-controlled environment to prevent warping or damage.

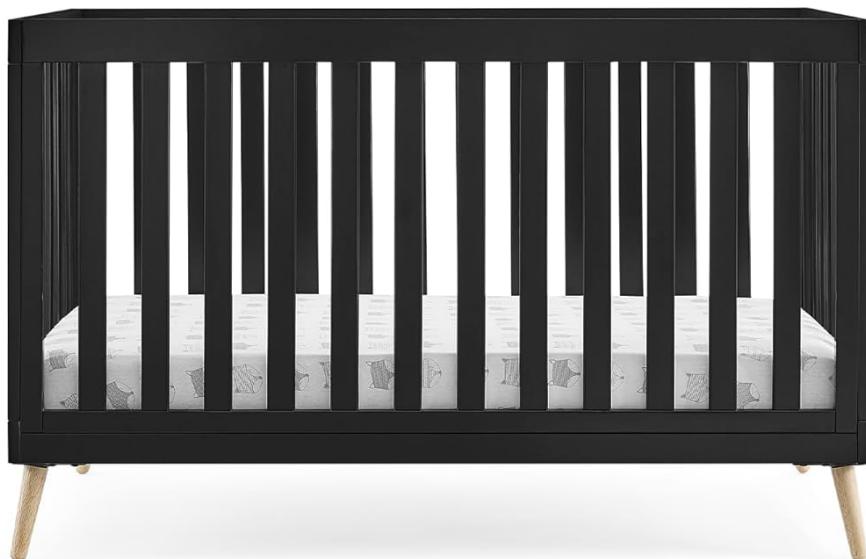

## SAFETY INFORMATION

Your child's safety is paramount. Always adhere to the following guidelines:

- Always use a crib mattress that meets the standard size requirements and fits snugly without gaps.
- Do not use the crib if any parts are missing, damaged, or broken. Contact Delta Children for replacement parts.
- Never place the crib near windows where cords from blinds or drapes could pose a strangulation hazard.
- Do not place toys, pillows, or heavy blankets in the crib with an infant.
- Ensure the mattress support is in the lowest position before your child can stand.
- This crib is JPMA Certified and tested for lead and other toxic elements, meeting or exceeding government and ASTM safety standards. It is also Greenguard Gold Certified.

## Tested Above and Beyond Safety Standards

So Your Baby Sleeps Safe!
