Dickie Toys Fireman Sam Fire Station Playset

MODEL: 203097008

Instruction Manual

1. Introduction

The Dickie Toys Fireman Sam Fire Station Playset (Model 203097008) brings the world of Fireman Sam to life. This multi-level playset features a fire station with a vehicle launch ramp, a garage with an opening gate, and includes a die-cast Jupiter fire truck. Designed for imaginative play, it comes with various accessories like road tracks, road signs, and traffic lights. This manual provides essential information for safe assembly, operation, and maintenance of your playset.

2. Safety Information

WARNING: Not suitable for children under 36 months (3 years) due to small parts which may present a choking hazard.

- Adult supervision is recommended during play.
- Inspect all parts regularly for damage. Discontinue use if any part is broken or damaged.
- Keep packaging materials (plastic bags, ties, etc.) away from children to prevent suffocation.

3. Package Contents

Please check that all the following items are included in your package:

- 1x Fire Station Playset (multi-level structure)
- 1x Die-cast Jupiter Fire Truck
- Various road tracks
- Assorted road signs and traffic lights
- Other small accessories (as depicted on packaging)

4. Assembly Instructions

The playset requires some assembly. Follow these general steps:

- 1. Unpack Components:** Carefully remove all parts from the packaging and verify them against the package contents list.
- 2. Assemble Main Structure:** Connect the main fire station structure pieces. Ensure all connections are secure and click into place firmly.
- 3. Attach Launch Ramp:** Securely attach the vehicle launch ramp to the designated area on the playset.
- 4. Install Garage Gate:** Position the garage gate. It should open and close smoothly without obstruction.
- 5. Arrange Road Tracks:** Connect the road tracks as desired. The tracks can be reconfigured to create different layouts for varied play.
- 6. Place Accessories:** Insert the road signs and traffic lights into their respective slots or positions around the playset.
- 7. Apply Stickers:** If included, apply any decorative stickers to the designated areas as shown in the product images for enhanced detail.

5. Operating Instructions

This playset is designed for interactive, manual play and does not require batteries.

- **Vehicle Launch Ramp:** Place the included Jupiter fire truck or other compatible vehicles at the top of the ramp. Use the lever mechanism to release the vehicle, sending it down the ramp.
- **Garage:** The large gate of the fire station garage can be manually opened and closed to park vehicles inside.
- **Road Tracks:** Utilize the movable road tracks to create different routes and scenarios for vehicles around the playset. Experiment with various configurations.
- **Accessories:** Reposition the road signs and traffic lights to simulate various traffic situations and enhance imaginative play.

6. Care and Maintenance

- **Cleaning:** Clean the playset regularly with a soft, damp cloth. Do not use harsh chemicals, abrasive cleaners, or immerse the playset in water.
- **Drying:** Ensure all parts are completely dry before storage to prevent damage.
- **Storage:** Store the playset in a cool, dry place away from direct sunlight to prevent material degradation and fading.
- **Inspection:** Periodically check for loose parts, worn components, or any signs of damage. Re-secure loose parts if necessary.

7. Troubleshooting

Issue: Vehicles do not move smoothly on the ramp or tracks.

Solution: Ensure all track pieces are correctly connected and free from obstructions. Check vehicle wheels for any debris or damage.

Issue: Small accessories (signs, lights) do not stay in place.

Solution: Ensure they are inserted firmly into their designated slots. If they frequently fall during play, consider using a small amount of non-permanent adhesive for stability, if appropriate for the child's age and safety.

Issue: Parts of the playset feel loose after assembly.

Solution: Re-check all connection points and ensure they are fully engaged. If a part is consistently loose or appears broken, contact customer support.

8. Specifications

Model Number	203097008
Brand	Dickie Toys
Dimensions (L x W x H)	48 x 26 x 33 cm
Weight	1.03 kg
Recommended Age	36 months - 6 years
Material	Plastic
Scale (Jupiter Truck)	1:24
Power Source	Manual (No batteries required)
Educational Values	Imagination development, motor skills, social skills
