SETUP INSTRUCTIONS

Follow these steps to connect your havit HV-H2002d Gaming Headset to your device.

- 1. Attach the Microphone:** Gently insert the detachable microphone into the designated port on the left earcup until it clicks into place.
- 2. Connect to Device:**
 - **For devices with a single 3.5mm audio jack (P3):** Plug the headset's 3.5mm jack directly into your device's audio port. This is common for most modern gaming controllers (Xbox ONE, PS4), laptops, and mobile phones.
 - **For devices with separate audio and microphone jacks (2 x P2):** Use the included P3 to 2 x P2 adapter. Plug the headset's 3.5mm jack into the adapter, then plug the adapter's two P2 plugs (one for audio, one for microphone) into the corresponding ports on your PC or other device.
- 3. USB Connection (for RGB lighting):** If your headset features RGB lighting, connect the USB cable to an available USB port on your device. This connection is solely for powering the lighting effects and is not required for audio or microphone functionality.

OPERATING INSTRUCTIONS

This section details the basic operation of your havit HV-H2002d Gaming Headset.

- **Volume Control:** The headset features an in-line volume control wheel located on the cable. Rotate the wheel up to increase volume and down to decrease volume.
- **Microphone Mute:** An in-line switch allows you to quickly mute or unmute the microphone. Ensure the microphone is unmuted for voice communication.
- **Adjusting the Headset:** The headband is adjustable. Extend or retract the earcups to achieve a comfortable fit over your ears. The earcups are designed for an over-ear fit with memory foam and protein PU for comfort during extended use.
- **Microphone Positioning:** Position the flexible microphone boom approximately 2-3 cm from your mouth for optimal voice clarity.

MAINTENANCE

Proper care and maintenance will extend the life of your headset.

- **Cleaning:** Use a soft, dry cloth to wipe down the earcups and headband. For stubborn dirt, a slightly damp cloth with mild soap can be used, but ensure no liquid enters the speaker grilles or microphone. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the headset in a clean, dry place away from direct sunlight and extreme temperatures. Avoid placing heavy objects on the headset.
- **Cable Care:** Avoid sharp bends or excessive pulling on the cables. When storing, coil the cables loosely.
- **Microphone Care:** When not in use, you may detach the microphone for safer storage or to prevent damage.
