2. IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of serious injury, always read and follow all warnings and instructions before using the Rumblex Plus. Keep this manual in a safe place for future reference.

- **Consult Your Physician:** Before starting any new exercise program, especially with a vibration platform, consult your doctor. This is particularly important if you have pre-existing medical conditions, are pregnant, or have recently undergone surgery.
- **Proper Use:** Use the machine only for its intended purpose as described in this manual. Do not modify the equipment.
- **Supervision:** Children and individuals with reduced physical, sensory, or mental capabilities should not operate the machine without proper supervision.

- **Stable Surface:** Always place the vibration plate on a flat, stable, and non-slip surface. Ensure there is adequate clear space around the machine.
- **Weight Limit:** Do not exceed the maximum user weight recommendation of 500 pounds (227 kg).
- **Power Source:** Connect the machine only to a properly grounded outlet. Do not use extension cords or adapters. Unplug the machine when not in use or before cleaning.
- **Avoid Contact:** Keep hands, feet, loose clothing, and hair away from moving parts.
- **Discontinue Use:** If you experience pain, dizziness, or discomfort during exercise, stop immediately and consult a physician.
- **Maintenance:** Do not attempt to service the machine yourself. Refer all servicing to qualified personnel.

4. ASSEMBLY AND INITIAL SETUP

4.1 Placement

Choose a location with a firm, level surface. Ensure there is enough space around the machine for safe movement and to prevent obstruction of air vents. Avoid placing it near water or in excessively humid environments.

4.2 Power Connection

1. Ensure the power switch on the machine is in the 'OFF' position.
2. Insert the power cord into the power inlet on the machine.
3. Plug the other end of the power cord into a standard, grounded electrical outlet.
4. Flip the power switch on the machine to the 'ON' position. The display panel should illuminate.

5. OPERATING YOUR RUMBLEX PLUS

5.2 Remote Controls

Your Rumblex Plus comes with a convenient wrist remote control, allowing you to adjust settings without bending down.

- **Power Button:** Turns the machine ON/OFF.
- **Mode Button:** Cycles through different vibration modes (Oscillation, Linear, Pulsation, 3D, 4D) and pre-set programs.
- **Time Buttons (+/-):** Adjusts the workout duration.
- **Speed Buttons (+/-):** Increases or decreases the vibration intensity (0-60 levels).

5.3 Vibration Modes

The Rumblex Plus offers multiple vibration types for a comprehensive workout:

- **Oscillation:** Mimics a seesaw motion, ideal for lymphatic drainage and gentle exercise.
- **Linear:** Up and down motion, effective for muscle strengthening and bone density.
- **Pulsation:** High-frequency micro-vibrations for deep tissue massage and relaxation.

- **3D Motion:** Combines Oscillation and Linear movements.
- **4D Motion:** Combines Oscillation, Linear, and Pulsation movements for a full-spectrum experience.

5.4 Speed Levels and Programs

The machine features 60 adjustable speed levels, allowing you to customize the intensity of your workout. It also includes 7 training modes and 3 workout intensities, which are pre-programmed routines designed for various fitness goals.

5.5 Bluetooth Speakers

The Rumblex Plus is equipped with integrated Bluetooth speakers. To connect, enable Bluetooth on your device and pair with 'Rumblex Plus'. You can then enjoy music or audio during your workout.

6. EXERCISE GUIDELINES

To maximize the benefits of your Rumblex Plus, vary your stance and incorporate the included accessories.

6.1 Stances and Positions

Different foot positions on the platform will affect the intensity of the vibration. A wider stance typically increases intensity. Experiment with squats, lunges, planks, and calf raises on the platform.

7. CARE AND MAINTENANCE

7.1 Cleaning

Always unplug the machine before cleaning.

- Wipe down the surface of the vibration plate with a soft, damp cloth.
- Do not use abrasive cleaners or solvents, as these can damage the finish.
- Ensure no liquid enters the internal components.

7.2 Storage

Store the Rumblex Plus in a cool, dry place away from direct sunlight and extreme temperatures. Its compact design allows for easy storage under furniture.

8. TROUBLESHOOTING

If you encounter any issues with your Rumblex Plus, please refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
Machine does not power on.	Power cord not properly connected. Power switch is OFF. No power from outlet.	Check power cord connection. Ensure power switch is ON. Test outlet with another device.
Remote control not working.	Battery is low or dead. Remote is out of range.	Replace remote battery. Ensure remote is pointed towards the machine and within range.

Problem	Possible Cause	Solution
Unusual noise during operation.	Machine not on a level surface. Loose components.	Ensure machine is on a flat, stable surface. Check for any loose parts. If noise persists, discontinue use and contact support.
Vibration feels too weak or too strong.	Incorrect speed setting. Incorrect mode selected.	Adjust speed using the +/- buttons. Cycle through modes to find desired vibration type.

If the problem persists after attempting these solutions, please contact LifePro customer support for assistance.
