Operating Instructions

LED Lights Operation:

The integrated LED lights offer customizable ambiance for your setup.

- Connect the LED light strip to the designated power source.

- Use the inline controller to cycle through 20 lighting modes, adjust 8 brightness levels, and select from 9 flicker frequencies.
- The memory function will retain your last selected mode when the lights are turned off and on again.

Power Outlets and USB Ports:

The built-in power strip provides convenient access to power for your devices.

- Plug your computer, monitor, tablet, phone, or other electronic devices directly into the 3 AC outlets or 2 USB ports.
- Ensure devices are compatible with the provided 125V/12A (AC) and 5V/2A (USB) power specifications.

Maintenance

To ensure the longevity and appearance of your ODK L Shaped Gaming Desk, follow these simple maintenance guidelines:

- Regularly wipe down the desk surfaces with a soft, damp cloth. Avoid abrasive cleaners.
- Check all screws and connections periodically and tighten if necessary to maintain stability.
- Keep liquids away from the power outlets and LED light strip to prevent damage.
- Avoid placing excessively heavy items on the desk, exceeding the maximum weight recommendation of 200 pounds.

Troubleshooting

Problem	Possible Cause	Solution
LED lights not working	Power connection loose; LED strip damaged; Controller malfunction.	Check power connection; Inspect LED strip for visible damage; Contact customer service if damaged.
Power outlets not providing power	Desk not plugged in; Circuit breaker tripped; Device not compatible.	Ensure desk is fully plugged into a working wall outlet; Check your home's circuit breaker; Verify device power requirements.
Desk is wobbly	Loose screws; Uneven floor; Adjustable leg pads not properly set.	Tighten all assembly screws; Adjust leg pads to level the desk on uneven surfaces.
