## RELAX4LIFE RXE-68786-HW

# RELAX4LIFE Patio Outdoor Loveseat Set

MODEL: RXE-68786-HW

## 1. Introduction and Overview

---

This manual provides essential information for the assembly, operation, and maintenance of your RELAX4LIFE Patio Outdoor Loveseat Set. Please read these instructions carefully before assembly and use to ensure safe and correct operation.

The loveseat set features a built-in tempered glass coffee table between two seats, offering a convenient surface for beverages and snacks. A compartment beneath the coffee table provides additional storage. Designed for outdoor use, this furniture set is suitable for patios, gardens, balconies, poolside areas, or decks. It includes thick upholstery, ergonomic backrests, and armrests for comfort. The cushions have removable, washable covers for easy cleaning. Constructed from durable, weather-resistant PE rattan and supported by a rust-resistant steel frame with non-slip feet, the loveseat is designed for stability and longevity.

## 2. Safety Information

---

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the product on a soft, clean surface to prevent scratches or damage.
- Do not fully tighten screws until all components are loosely assembled and aligned.
- Keep children away from the assembly area. Small parts may pose a choking hazard.
- Do not exceed the maximum weight capacity for each seat (400 lbs) or the tabletop (90 lbs).
- Periodically check and re-tighten all fasteners to ensure stability.
- Keep cushions dry to extend their service life.

## 3. Package Contents

---

Verify that all the following components are included in your package:

- 1 x Loveseat with Built-in Coffee Table
- 2 x Cushions
- 1 x Instruction Manual

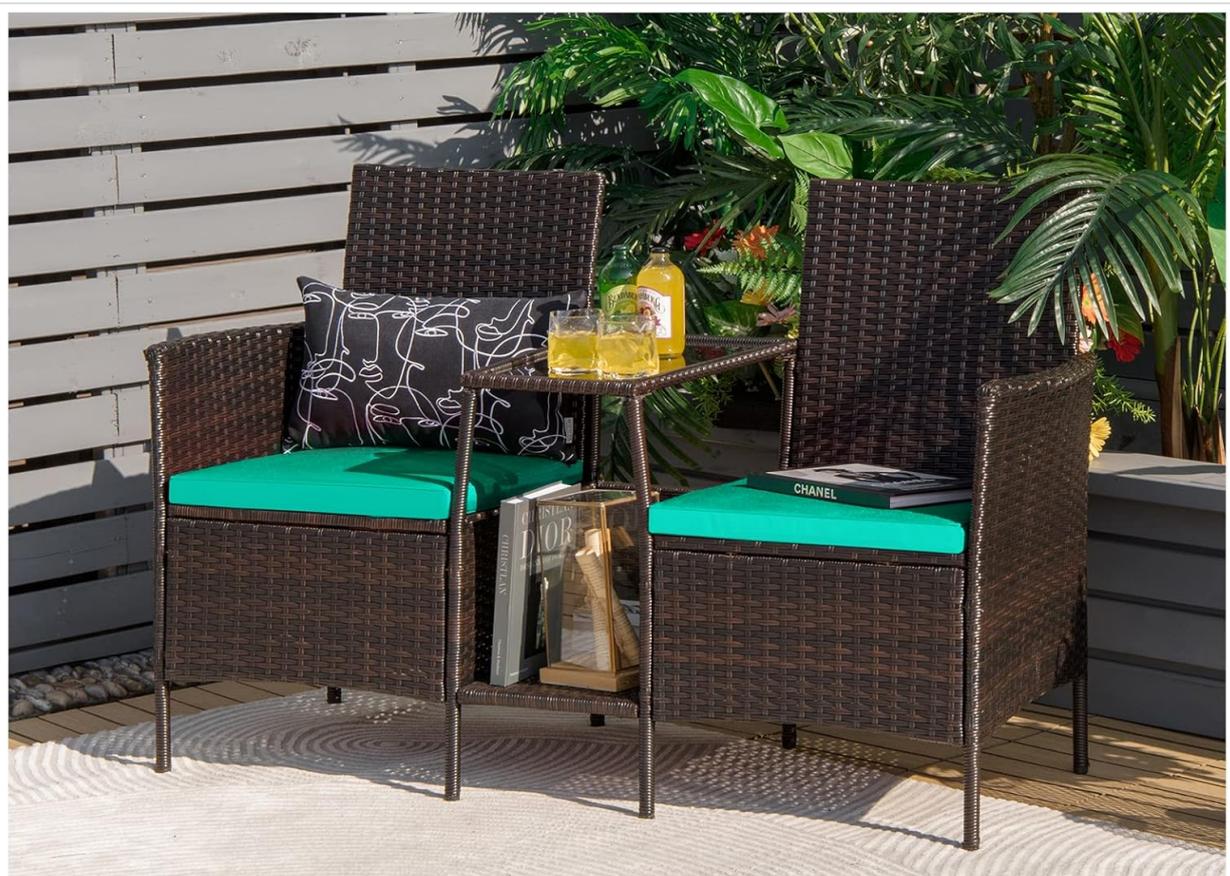

*Note: Hardware and tools required for assembly are typically included with the main components.*

## 4. Setup and Assembly

---

Assembly of the RELAX4LIFE Patio Outdoor Loveseat Set is designed to be straightforward with the provided instructions and accessories. It is recommended that two people assemble the unit for ease and safety.

1. Unpack all components and lay them out on a soft, flat surface to prevent damage.
2. Identify all parts and hardware using the provided parts list.
3. Follow the step-by-step diagrams in the included instruction manual for specific assembly sequences.
4. When attaching components, insert all screws loosely first. **Do not tighten any screws completely until all holes are aligned and all parts are in place.** This allows for minor adjustments and prevents misalignment.
5. Once all parts are assembled and aligned, gradually tighten all screws securely.

① Please Keep Cushions Dry to Extend the Service Time

② Please Refer to the Size Description before Buying  
(Manually Measure Sizes May Have Small Dimensional Discrepancies)

③ Please Do Not Tighten the Screws until All the Holes Are Aligned

## 7. Troubleshooting

---

If you encounter issues during assembly or use, refer to the following common solutions:

- **Difficulty with Assembly/Misaligned Holes:** Ensure all screws are only hand-tightened initially. This allows for flexibility to align all holes before final tightening. If parts seem misaligned, loosen all screws, adjust the position of the components, and then re-tighten.
- **Missing or Unlabeled Parts:** Carefully check all packaging materials to ensure no small parts were overlooked. If parts are genuinely missing or incorrectly labeled, contact customer support with your model number and a description of the missing part.
- **Unclear Instructions:** Review the diagrams carefully. If a step is unclear, try to visualize the next logical connection of parts. Online resources or manufacturer support may offer additional visual guides.
- **Wobbly or Unstable Unit:** Ensure all screws are fully tightened. Check that the unit is placed on a flat, even surface. The non-slip foot pads are designed to enhance stability.
