MAINTENANCE

Proper maintenance will extend the lifespan and appearance of your loveseat set.

- **Cleaning PE Rattan:** The weather-resistant PE rattan can be easily wiped clean with a damp cloth. For stubborn dirt, use a mild soap solution and rinse thoroughly.
- **Cushion Care:** The cushion covers are removable and zippered for easy cleaning. They are washable. Ensure cushions are completely dry before storing or reusing to prevent mold or mildew. Keep cushions dry to extend service life.
- **Tempered Glass:** Clean the tempered glass tabletop with a glass cleaner and a soft cloth.
- **Steel Frame:** The anti-rust steel frame requires minimal maintenance. Periodically check for any signs of rust or damage and address them promptly.
- **Storage:** During prolonged periods of non-use or harsh weather conditions, it is recommended to cover the furniture or store it indoors to protect it from elements.
