INSTALLATION

To install the kwmobile silicone case on your Samsung Galaxy A54 5G:

1. Ensure your phone is clean and free of dust or debris.
2. Align the camera cutouts of the case with your phone's camera module.
3. Gently push your phone into the case, starting from one corner and working your way around, ensuring all edges are securely fitted.
4. Verify that all buttons and ports are correctly aligned with the case's cutouts.

USAGE

Once installed, the kwmobile silicone case allows for full functionality of your Samsung Galaxy A54 5G:

- All buttons (power, volume) remain tactile and responsive through the case.
- Access to charging port, speaker, and microphone is unobstructed.
- The case is compatible with wireless charging, allowing you to charge your device without removal.
- The non-slip material provides a secure grip, reducing the risk of accidental drops.

MAINTENANCE

To keep your kwmobile silicone case clean and in good condition:

- Wipe the case regularly with a soft, damp cloth.
- For stubborn dirt, use a mild soap solution and rinse thoroughly.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the material or finish.
- Allow the case to air dry completely before reattaching it to your phone.

TROUBLESHOOTING

If you encounter any issues with your kwmobile silicone case, consider the following:

- **Case does not fit:** Ensure you have the correct model (Samsung Galaxy A54 5G). This case is not compatible with other models.
- **Buttons are stiff:** Re-seat the phone in the case, ensuring it is perfectly aligned. The flexible material should allow for easy button presses.
- **Wireless charging issues:** Ensure your phone is correctly positioned on the wireless charger. The case's slim design should not interfere with wireless charging.
