PACKAGE CONTENTS

Please check the package for the following items:

- 1 x Aigoss Bluetooth Car Handsfree Kit
- 1 x Magnetic Clip
- 1 x USB Charging Cable
- 1 x Lanyard
- 1 x User Manual (this document)

PRODUCT OVERVIEW

The Aigoss Car Handsfree Kit features intuitive controls and essential ports for ease of use.

- **Main Control Button:** Typically used for answering/ending calls, play/pause music.
- **Volume Buttons (+/-):** Adjust volume.
- **"M" Button:** Multi-function button, used for activating voice assistants.

- **TF Card Slot:** For playing music directly from a TF (MicroSD) card.
- **Charging Port:** Micro USB port for charging the device.
- **Loudspeaker:** Integrated 3W 4Ω loudspeaker for clear audio output.
- **Microphone:** Built-in for hands-free communication.

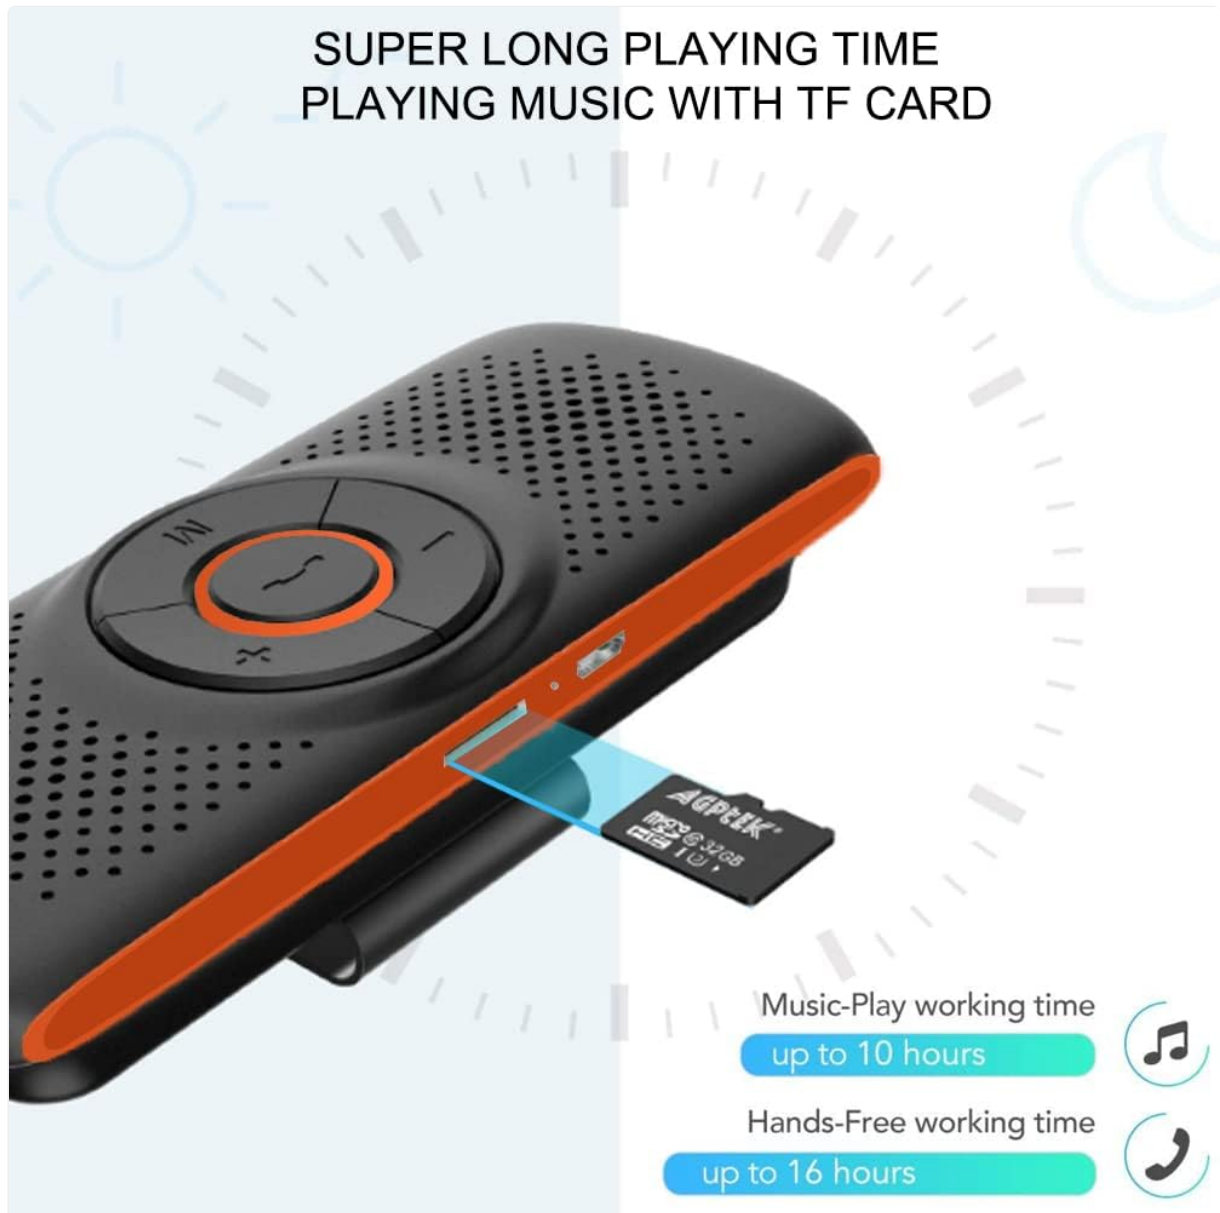

Figure 2: TF Card Slot and Charging Port

This image highlights the TF card slot and indicates the device's long playing time for music and hands-free calls.

Enjoy Life Better

Figure 3: Powerful Audio Output

This image illustrates the device's 3W 4Ω loudspeaker, emphasizing its powerful and clear audio quality with echo reduction and noise cancellation.

SETUP

1. Charging the Device

Before first use, fully charge the device using the provided USB cable. Connect the USB cable to the charging port on the device and to a standard USB power source (e.g., car charger, computer USB port).

2. Mounting the Device

The device comes with a strong magnetic clip for easy installation.

1. Attach the magnetic clip to the back of the handsfree kit.
2. Clip the device onto your car's sun visor or any suitable metallic surface.
3. Alternatively, use the provided lanyard to hang the device.

Voice Command

(e.g.Apple's Siri, Google Assistant)-ensure driving safety.

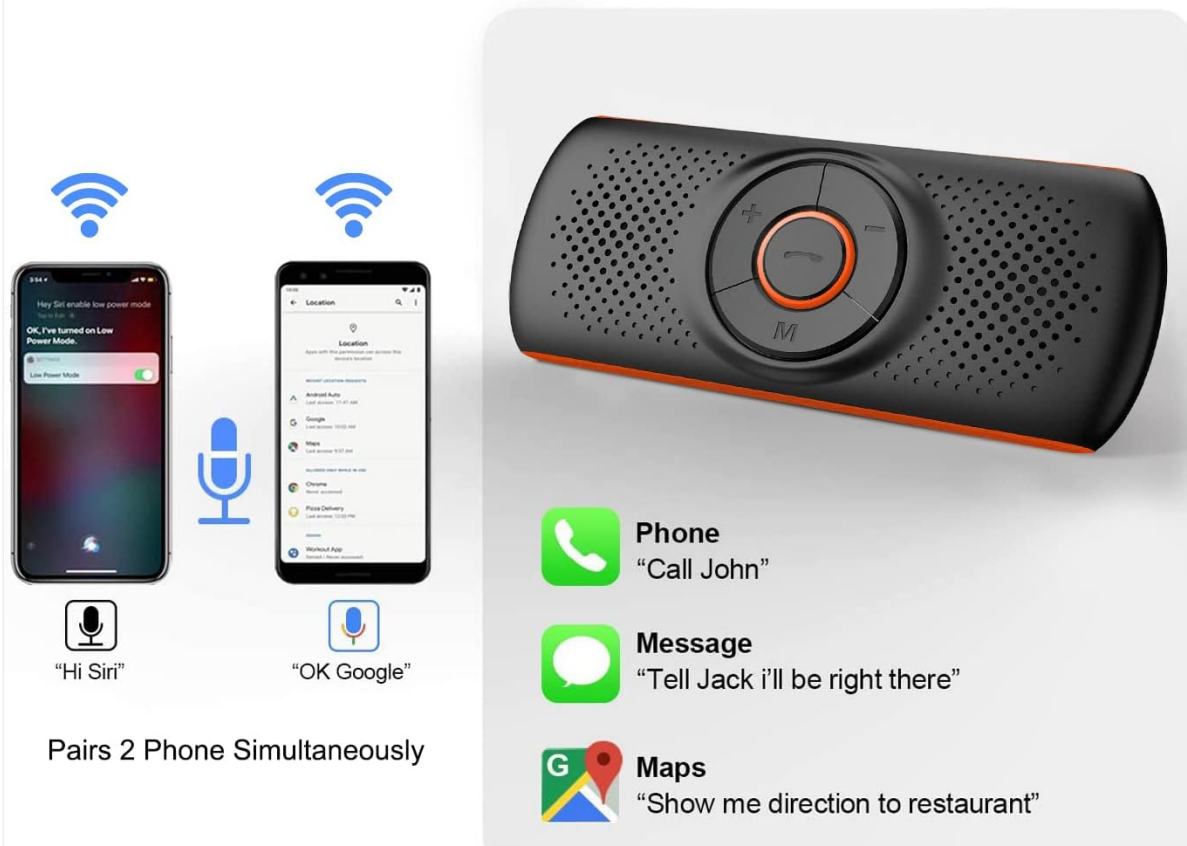

Figure 4: Visor Mounting

This image demonstrates how to clip the handsfree kit to the car's sun visor using its magnetic attachment.

3. Bluetooth Pairing

1. Ensure the handsfree kit is charged and powered on.
2. Activate Bluetooth on your mobile phone.
3. Search for available Bluetooth devices and select "Aigoss Handsfree" (or similar name).
4. Once paired, the device will automatically connect to your phone when powered on and within range.

Note: If Bluetooth is disconnected for 5 minutes, the device will automatically power off to conserve battery.

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Press and hold the main control button until the indicator light turns on.
- **Power Off:** Press and hold the main control button until the indicator light turns off.

Making and Receiving Calls

- **Answer Call:** Press the main control button once.
- **End Call:** Press the main control button once during a call.
- **Reject Call:** Press and hold the main control button for 2 seconds.
- **Redial Last Number:** Double-press the main control button.

- **Adjust Volume:** Use the '+' and '-' buttons.

Music Playback

- **Play/Pause:** Press the main control button once.
- **Next Track:** Press the '+' button for 2 seconds.
- **Previous Track:** Press the '-' button for 2 seconds.
- **TF Card Playback:** Insert a TF card with MP3 audio files into the TF card slot. The device will automatically switch to TF card playback.

Voice Assistant (Siri/Google Assistant)

Activate your phone's voice assistant for hands-free commands.

- **Activation:** Double-click the "M" button to activate Siri or Google Assistant on your connected phone.
- You can then use voice commands for calls, messages, or navigation (e.g., "Call John", "Tell Jack I'll be right there", "Show me directions to restaurant").

3W 4Ω Loundspeaker
Echo reduction and noise cancellation during call

Powerful quality Audio
Built-in 3W multimedia speaker to support crystal clear sound, big enough for music or calls.

Figure 5: Voice Command Functionality

This image illustrates the voice command feature, showing examples of how to use Siri or Google Assistant for phone calls, messages, and navigation.

Connecting Two Phones Simultaneously

The device supports connecting two mobile phones at the same time.

1. Connect the first phone via Bluetooth as described in the "Bluetooth Pairing" section.
2. Disconnect Bluetooth on the first phone.
3. Turn off the handsfree kit.
4. Connect the second phone to the handsfree kit via Bluetooth.
5. Turn off the handsfree kit again.
6. Turn on the handsfree kit and enable Bluetooth on both phones. The device should now connect to both phones simultaneously.

GPS Voice Prompts

Once connected via Bluetooth, the device will transmit GPS instructions from your phone, ensuring you receive navigation prompts clearly.

MAINTENANCE

- Keep the device dry. Avoid exposure to moisture or liquids.
- Clean the device with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- Store the device in a cool, dry place when not in use.
- Avoid extreme temperatures, as this can shorten the lifespan of electronic components.

TROUBLESHOOTING

Problem	Solution
Device does not power on.	Ensure the device is fully charged. Connect it to a power source using the USB cable.
Cannot pair with phone.	<ul style="list-style-type: none">◦ Ensure Bluetooth is enabled on your phone and the device is in pairing mode.◦ Make sure the device is within range (typically 10 meters).◦ Try restarting both the device and your phone.◦ Delete previous Bluetooth connections on your phone and try pairing again.
Poor audio quality.	<ul style="list-style-type: none">◦ Ensure the device is not too far from your phone.◦ Check for obstructions between the device and your phone.◦ Adjust the volume on both the device and your phone.◦ Ensure the device's microphone is not obstructed.
Device automatically turns off.	This is normal behavior if Bluetooth is disconnected for 5 minutes to save power. Reconnect Bluetooth or power on the device manually.
