Image: Diagram illustrating the control buttons on the HTC HP01 headphones. It highlights the multi-function button for power, assistant, play/pause, and call management, along with volume up/next track and volume down/previous track buttons.

- **Multi-function Button:** Power On/Off, Activate Voice Assistant, Play/Pause music, Answer/End Calls, Decline Calls.
- **Volume Up (+) Button:** Increase volume, Press and hold for Next Track.
- **Volume Down (-) Button:** Decrease volume, Press and hold for Previous Track.
- **USB Type-C Port:** For charging the headphones.
- **3.5mm Audio Jack:** For wired connection.
- **Microphone:** For hands-free calls.

SETUP

1. Charging the Headphones

Before first use, fully charge your headphones. A full charge provides approximately 36 hours of playtime.

1. Connect the USB Type-C charging cable to the charging port on the headphones.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show charging status (refer to the Quick Start Guide for specific LED behavior).
4. Once fully charged, disconnect the charging cable.

Image: Information on HTC HP01 headphone battery life and charging. It indicates 36 hours of playtime on a single charge, a 400mAh battery, and Type-C charging.

2. Powering On/Off

- **To Power On:** Press and hold the Multi-function button until the LED indicator lights up.
- **To Power Off:** Press and hold the Multi-function button until the LED indicator turns off.

3. Bluetooth Pairing

The HTC HP01 headphones utilize Bluetooth 5.3 technology for stable wireless connections.

1. Ensure the headphones are powered off.

2. Press and hold the Multi-function button for approximately 5-7 seconds until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, tablet, laptop, etc.), enable Bluetooth and search for available devices.
4. Select "HTC HP01" (or "BDT01" if listed) from the list of found devices.
5. Once connected, the LED indicator on the headphones will flash blue slowly or turn solid blue (refer to Quick Start Guide for exact behavior).

BLUETOOTH 5.3 TECNOLOGÍA

Compatible con iOS, Windows y Android

4. Wired Connection (Aux-in)

You can use the headphones with the included 3.5mm audio cable when Bluetooth is not available or when the battery is depleted.

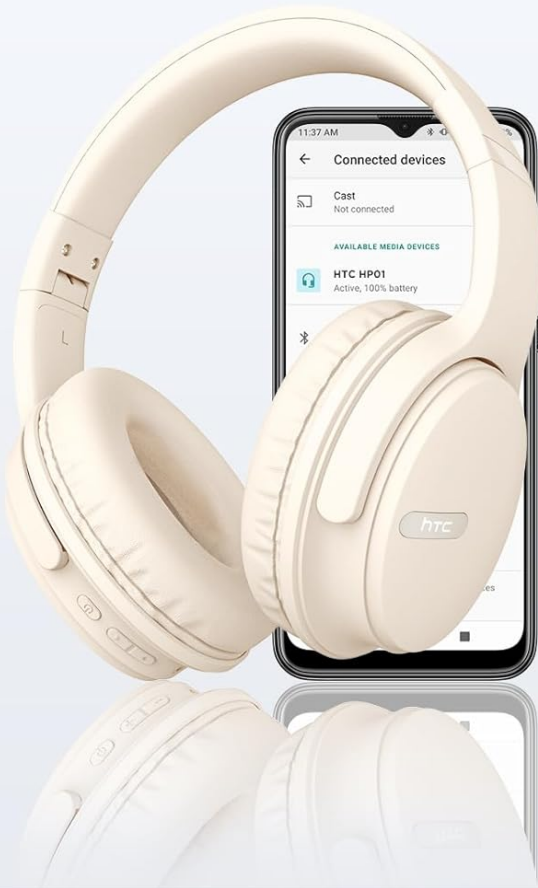

1. Connect one end of the 3.5mm audio cable to the audio jack on the headphones.
2. Connect the other end to the 3.5mm audio output of your device.
3. The headphones will automatically switch to wired mode.

OPERATING INSTRUCTIONS

Music Playback

- **Play/Pause:** Press the Multi-function button once.
- **Next Track:** Press and hold the Volume Up (+) button.
- **Previous Track:** Press and hold the Volume Down (-) button.
- **Volume Up:** Press the Volume Up (+) button.
- **Volume Down:** Press the Volume Down (-) button.

Call Management

- **Answer/End Call:** Press the Multi-function button once.

- **Decline Call:** Press and hold the Multi-function button.

Voice Assistant

- **Activate Voice Assistant:** Double-press the Multi-function button (functionality depends on your connected device).

Wearing and Adjusting

The HTC HP01 headphones feature an ergonomic, adjustable, and foldable design for comfort and portability.

- Adjust the headband to ensure the earcups comfortably cover your ears.
- The earcups are designed to swivel for a better fit.
- For storage or travel, fold the headphones inward to reduce their size.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. Utilize the foldable design for compact storage.
- **Water Exposure:** These headphones are not waterproof. Avoid exposure to water or excessive moisture.
- **Cable Care:** Handle the charging and audio cables gently to prevent damage.

TROUBLESHOOTING

Problem	Solution
---------	----------

Problem	Solution
Headphones do not power on.	Ensure the headphones are charged. Connect them to a power source using the USB Type-C cable.
Cannot pair with a Bluetooth device.	<ul style="list-style-type: none">• Ensure headphones are in pairing mode (LED flashing blue and red).• Make sure Bluetooth is enabled on your device.• Move headphones closer to your device.• Forget "HTC HP01" from your device's Bluetooth list and try pairing again.• Restart both the headphones and your device.
No sound when connected via Bluetooth.	<ul style="list-style-type: none">• Check the volume level on both the headphones and your connected device.• Ensure the headphones are selected as the audio output device on your device.• Try re-pairing the headphones.
No sound when connected via Aux cable.	<ul style="list-style-type: none">• Ensure the 3.5mm audio cable is fully inserted into both the headphones and your device.• Test with a different 3.5mm audio cable if available.• Check the volume level on your device.
Poor audio quality.	<ul style="list-style-type: none">• For Bluetooth, ensure there are no obstructions between the headphones and your device, and that they are within range.• Try playing different audio sources.• For wired connection, ensure the cable is not damaged.
