SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of your HOOOWOOO patio set is designed to be straightforward. Follow these general steps, and refer to the official assembly video for a visual guide.

1. **Unpack and Organize:** Carefully unbox all components and place them on a clean, flat surface. Identify each part using the provided labels (e.g., LA-A, LA-B).
2. **Assemble Frame Sections:** For each sofa piece (left arm, right arm, middle, corner), connect the chair back, chair seat, and armrests (if applicable) using the provided screws, washers, and nuts. The best advice is not to fully tighten any screws until the entire piece is assembled to allow for minor adjustments.
3. **Attach L-Shape Feet:** Secure the L-shape feet to the bottom of each sofa section.
4. **Assemble Coffee Table:** Connect the side panels of the coffee table and then place the tempered glass top securely.
5. **Connect Sections:** Use the included clips to securely fasten the individual sofa sections together in your

desired configuration (L-shape, I-shape, or separate chairs).

6. **Place Cushions:** Gently tap the seat and back cushions to help them fully rebound. This may take 48 to 72 hours. Place the seat cushions on the sofa bases, ensuring the rug pad side is down to prevent slipping. Attach back cushions using the integrated rods to fix them in place.

TROUBLESHOOTING

If you encounter any issues with your HOOOWOOO patio furniture, please refer to the following common solutions. If the problem persists, contact customer support.

- **Wobbly Sections:** Ensure all connecting clips are properly engaged and all assembly screws are tightened. Adjust the adjustable feet on the bottom of the furniture pieces to level them on uneven surfaces.
- **Cushions Not Fully Rebounding:** After unpacking, cushions may appear compressed. Tap them gently and allow 48 to 72 hours for them to fully expand to their intended thickness and shape.
- **Cushions Slipping:** Ensure the seat cushions are placed with the rug pad side down. Verify that the back cushions' rods are correctly inserted into their designated slots.
- **Difficulty Cleaning Stains:** For stubborn stains on fabric, use a mild soap and water solution and gently scrub with a soft brush. Rinse thoroughly and allow to air dry completely. Avoid harsh chemicals.
