Cybex Balios S Lux Stroller Instruction Manual

Model: 522002399

INTRODUCTION

This manual provides essential information for the safe and proper assembly, operation, maintenance, and care of your Cybex Balios S Lux Stroller. Please read all instructions carefully before use and retain this manual for future reference.

Figure 1: Overall view of the Cybex Balios S Lux Stroller.

IMPORTANT SAFETY WARNINGS

- Always secure your child with the harness system.
- Never leave your child unattended in the stroller.
- Ensure all locking devices are engaged before use.
- Do not overload the storage basket. Maximum capacity is 22 lbs.
- Do not hang bags or items on the handlebar as this may cause the stroller to become unstable.
- This stroller is designed for children up to 55 lbs.
- Regularly inspect the stroller for loose parts, damage, or signs of wear.
- Use only accessories and replacement parts approved by Cybex.

PARTS IDENTIFICATION

Familiarize yourself with the main components of your Balios S Lux Stroller:

- A. Adjustable Leatherette Handlebar:** For comfortable pushing at various heights.
- B. Extendable UPF 50+ Sun Canopy:** Provides sun protection and includes a mesh window for ventilation.
- C. Reversible Seat Unit:** Can be positioned parent-facing or forward-facing.
- D. Unique One-Pull Harness:** For quick and secure child fastening.
- E. Leatherette Bumper Bar:** Opens to the side for easy child access.
- F. Adjustable Leg Rest:** For customized comfort.
- G. All-Terrain Wheels with Front Wheel Suspension:** Ensures a smooth ride.
- H. Large Storage Basket:** Holds up to 22 lbs.
- I. One-Hand Fold Mechanism:** Allows for compact, self-standing fold.
- J. Foot-Activated Brake:** For secure stopping.

SETUP

Unfolding the Stroller

1. Place the folded stroller on a flat surface.
2. Locate the one-hand fold mechanism on the handlebar.
3. Release the latch and lift the handlebar firmly until the frame locks into place. You will hear a click.
4. Ensure all parts are securely locked before placing a child in the stroller.

Attaching the Seat Unit

1. Align the seat unit with the frame connectors.
2. Push down firmly until you hear a click on both sides, indicating it is securely attached.
3. Verify the seat is locked by gently pulling upwards.

Travel System Compatibility

The Balios S Lux frame is compatible with the Cybex Cot S Lux 2 travel bassinet or any Cybex infant car seats (sold separately). Adapters may be required for car seat attachment.

TRAVEL SYSTEM READY

READY FROM BIRTH, COMPATIBLE WITH THE COT S LUX or any CYBEX INFANT CAR SEAT (SOLD SEPARATELY)

3-IN-1 TRAVEL SYSTEM

Attach a Cot S Lux for a lay-flat solution while out with your little one from birth, or add any CYBEX infant car seat and transform your Balios into a full-featured Travel System

ONE-HAND FOLD

Self-standing position for easy storage on the go

NEAR-FLAT ERGONOMIC RECLINE

A large reversible seat and near-flat ergonomic recline that promotes comfort and coziness

OPERATING INSTRUCTIONS

Adjusting the Seat Recline

The seat offers multiple recline positions for your child's comfort. Locate the recline lever on the back of the seat. Squeeze the lever and adjust the seat to the desired position. Release the lever to lock the seat in place. The seat can achieve a near-flat ergonomic recline.

Reversing the Seat Unit

To change the seat's direction (parent-facing or forward-facing), press the release buttons on both sides of the seat unit near the frame. Lift the seat off the frame, rotate it to the desired direction, and re-attach it until it clicks securely into

place.

Adjusting the One-Pull Harness

The unique one-pull harness allows for quick and secure fastening of your child. Place your child in the seat and pull the strap located between their legs to tighten the harness. To loosen, press the button on the buckle and pull the straps outwards. Ensure the harness is snug but comfortable.

Figure 4: The unique one-pull harness system for quick securing.

Adjusting the Handlebar

The leatherette handlebar is adjustable to accommodate users of varying heights. Locate the adjustment buttons on either side of the handlebar. Press these buttons and extend or retract the handlebar to your preferred height. Release the buttons to lock.

Folding the Stroller

The stroller features a convenient one-hand fold mechanism for easy storage. Ensure the seat is in the forward-facing

position and fully upright. Locate the fold mechanism on the handlebar. Slide the safety lock and press the fold button, then push the handlebar forward and down until the stroller folds into a compact, self-standing position.

MAINTENANCE

Cleaning Instructions

- **Fabric Parts:** Wash separately. Use gentle action wash with warm water. Do not bleach, tumble dry, iron, or dry clean.
- **Frame:** Wipe clean with a damp cloth and mild soap. Dry thoroughly.
- **Wheels:** Regularly clean wheels and axles to remove dirt and debris. Lubricate moving parts as needed.

Storage

Store the stroller in a dry, well-ventilated area away from direct sunlight and extreme temperatures. Ensure the stroller is clean and dry before storing to prevent mold or mildew.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Stroller does not fold or unfold smoothly.	Mechanism is jammed or dirty.	Clear any obstructions. Clean and lubricate moving parts of the folding mechanism. Ensure seat is in correct position for folding.
Wheels are stiff or squeaky.	Dirt/debris in axles, lack of lubrication.	Clean wheels and axles. Apply a silicone-based lubricant to moving parts.
Harness is difficult to adjust.	Strap is twisted or mechanism is dirty.	Untwist straps. Clean the harness buckle and adjustment mechanism.
Stroller pulls to one side.	Uneven tire pressure (if applicable), bent wheel, or debris.	Check and adjust tire pressure. Inspect wheels for damage or obstructions.
