SimpliFire Electric Fireplace Insert, 32-Inch, Model GI-32-ZC Instruction Manual

Brand: SIMPLIFIRE | Model: GI-32-ZC

1. INTRODUCTION

This manual provides detailed instructions for the safe installation, operation, and maintenance of your SimpliFire 32-Inch Electric Fireplace Insert, Model GI-32-ZC. Please read all instructions carefully before use to ensure proper function and safety.

The SimpliFire Electric Fireplace Insert offers the following key features:

- Installation into a wood fireplace opening with a surround kit or any framed opening with the self-trimming design.
- Quick room warming with a 1,500W heater.
- Year-round ambiance with or without heat, featuring authentic logs, glowing embers, and a beautiful flame effect.
- Easy plug-in operation with an attached cord.

2. IMPORTANT SAFETY INFORMATION

Please read and understand all safety instructions before installing or operating this electric fireplace insert. Failure to follow these instructions may result in electric shock, fire, property damage, or personal injury.

- Read all instructions before installing or using this fireplace.
- Do not operate any fireplace with a damaged cord or plug, or if the heater has malfunctioned, been dropped, or damaged in any manner.
- Do not run the power cord under carpeting. Do not cover the cord with throw rugs, runners, or similar coverings. Arrange the cord away from traffic areas to prevent tripping hazards.
- Always plug heaters directly into a wall outlet/receptacle. Never use with an extension cord or relocatable power tap (outlet/power strip).
- This fireplace is hot when in use. To avoid burns, do not let bare skin touch hot surfaces. Keep combustible materials, such as furniture, pillows, bedding, papers, clothes, and curtains at least 3 feet (0.9 m) from the front of the fireplace.
- Extreme caution is necessary when any heater is used by or near children or individuals with reduced physical, sensory, or mental capabilities, and whenever the fireplace is left operating and unattended.
- Do not insert or allow foreign objects to enter any ventilation or exhaust opening as this may cause an

electric shock or fire, or damage the heater.

- To prevent a possible fire, do not block air intakes or exhaust in any manner. Do not use on soft surfaces, like a bed, where openings may become blocked.
- This fireplace has hot and arcing or sparking parts inside. Do not use it in areas where gasoline, paint, or flammable vapors or liquids are used or stored.
- Use this fireplace only as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons.

3. SETUP AND INSTALLATION

3.1 Measuring Your Existing Fireplace Opening
