

Arama A802USB

Arama A802USB Headset with Noise-Cancelling Microphone Instruction Manual

Model: A802USB | Brand: Arama

INTRODUCTION

Thank you for choosing the Arama A802USB Headset. This manual provides detailed instructions to help you set up, operate, and maintain your headset for optimal performance. Designed for clear communication in various environments, this headset features a noise-cancelling microphone and comfortable on-ear design, ideal for home office, online classes, call centers, and conference calls.

PACKAGE CONTENTS

- Arama A802USB Headset with in-line control
- USB-A Cable

PRODUCT OVERVIEW

The Arama A802USB Headset is engineered for superior call quality and comfort. It integrates wideband audio technology, Digital Signal Processing (DSP), and a noise-cancelling microphone to deliver crisp, clear sound in noisy environments. The headset features a lightweight, comfort-tested design with skin-friendly ear pads and an adjustable headband for extended wear.

Key features include:

- **Noise-Cancelling Microphone:** Reduces background noise for clear voice transmission.
- **In-line Controls:** Easy access to volume adjustment, microphone mute, and speaker mute.
- **Comfort-Tested Design:** Lightweight with skin-friendly ear pads and an adjustable headband for long-wearing comfort.
- **Durable Construction:** Built with sturdy materials for reliability.
- **Wide Compatibility:** Works with Windows, Mac OS, and most leading UC platforms and softphones.

SETUP

The Arama A802USB Headset offers a simple plug-and-play setup, requiring no additional drivers for most operating systems.

1. **Connect the Headset:** Plug the USB-A connector of the headset into an available USB port on your PC or laptop.
2. **System Recognition:** Your operating system (Windows, Mac OS) should automatically detect and install the necessary drivers. This may take a few moments.
3. **Verify Audio Settings:** After connection, check your computer's sound settings to ensure the Arama A802USB Headset is selected as the default input (microphone) and output (speaker) device.
4. **Adjust Headband:** Gently pull or bend the headband to achieve a comfortable fit on your head. The stainless steel built-in headband is designed for flexibility.
5. **Position Microphone:** Rotate the microphone boom to position the microphone near your mouth for optimal voice pickup. The microphone is rotatable for comfortable wearing on either side.

OPERATING INSTRUCTIONS

The in-line control unit provides convenient access to essential functions during calls or media playback.

Figure 4: Detailed view of the in-line control unit.

- **Microphone Mute:** Press the **Mic ON/OFF** button to mute or unmute your microphone. A red indicator light will illuminate when the microphone is muted.
- **Volume Control:** Use the **V+** button to increase the speaker volume and the **V-** button to decrease it.
- **Speaker Mute:** Press the **Speaker ON/OFF** button to mute or unmute the headset speakers.
- **Microphone Adjustment:** The microphone boom can be rotated 330 degrees to be worn on either the left or right side, and adjusted closer or further from your mouth for optimal clarity.
- **Headband Adjustment:** The headband is adjustable to fit various head sizes for maximum comfort.
- **Cable Clip:** Utilize the integrated cable clip to secure the cord to your clothing, preventing tangles and ensuring freedom of movement.

MAINTENANCE

Proper care and maintenance will extend the lifespan of your Arama A802USB Headset.

- **Cleaning:** Use a soft, dry cloth to clean the headset and ear pads. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headset in a cool, dry place when not in use. Avoid extreme temperatures.
- **Cable Care:** Do not pull on the cable to disconnect the headset. Always grasp the USB plug firmly. Avoid sharp bends or kinks in the cable.
- **Ear Pad Replacement:** The skin-friendly ear pads are designed to be easily replaceable for continued hygiene and comfort. Refer to the manufacturer's website or contact support for replacement parts.

TROUBLESHOOTING

If you encounter issues with your headset, refer to the following common solutions:

Problem	Solution
No sound from headset speakers.	Ensure the USB plug is securely connected to your computer. Check the speaker mute button on the in-line control unit; ensure it is not activated. Verify your computer's audio output settings to ensure the Arama A802USB Headset is selected. Increase the volume using the V+ button on the in-line control or your computer's system volume.
Microphone is not working.	Ensure the USB plug is securely connected to your computer. Check the microphone mute button on the in-line control unit; ensure it is not activated (red light off). Verify your computer's audio input settings to ensure the Arama A802USB Headset is selected as the default microphone. Ensure the microphone boom is correctly positioned near your mouth.
Sound quality is poor or distorted.	Adjust the volume levels on both the in-line control and your computer. Ensure the USB connection is stable. Test the headset on another USB port or computer to rule out port/computer issues.
Headset is uncomfortable.	Adjust the headband length to fit your head size. Ensure the ear pads are positioned correctly over your ears.
