

Pioneer DJ OPUS-QUAD

Pioneer DJ OPUS-QUAD 4-Channel DJ System User Manual

MODEL: OPUS-QUAD

1. INTRODUCTION

The Pioneer DJ OPUS-QUAD 4-Channel DJ System is a professional all-in-one DJ system designed to provide comprehensive control over your music. It features standalone 4-deck playback, compatibility with various media sources, and advanced track search capabilities. The system's optimized deck configuration and Smart Cue function enhance usability, while its high-quality sound output enriches the audience's experience. The integrated zone output allows for playing different audio in separate areas, making it suitable for diverse event settings.

2. FEATURES

The OPUS-QUAD system incorporates several advanced features:

- 4-channel All-in-one DJ System with 10.1" Touchscreen
- ESS Technology D/A Converter
- Per-channel 3-band EQ
- Multi-device Support
- Multi-zone Output

3. SETUP

Follow these steps for the initial setup of your OPUS-QUAD system:

- 1. Unboxing and Placement:** Carefully remove the OPUS-QUAD from its packaging. Place the unit on a stable, flat surface with adequate ventilation. Ensure sufficient space around the unit for cable connections and operation.
- 2. Power Connection:** Connect the supplied power cable to the AC IN terminal on the rear of the unit and then to a suitable power outlet. Press the POWER button to turn on the unit.
- 3. Audio Connections:** Connect your speakers, headphones, and any external audio sources (e.g., turntables, CDJs) to the appropriate input and output terminals on the rear panel. Refer to the port labels for correct connections.
- 4. Media Loading:** Insert USB drives or SD cards containing your music files into the designated ports. The OPUS-QUAD supports various media sources for flexible playback.

4. OPERATING INSTRUCTIONS

The OPUS-QUAD is designed for intuitive operation. Familiarize yourself with the main components:

4.1. 10.1" Touchscreen Display

The central 10.1-inch touchscreen provides visual feedback for waveforms, track information, browsing, and settings. Navigate by tapping, swiping, and pinching.

Image: Front view of the Pioneer DJ OPUS-QUAD 4-channel DJ System, highlighting the central 10.1-inch touchscreen display and the two large jog wheels with illuminated rings.

4.2. Deck Controls

Each of the four decks features a large jog wheel for scratching, nudging, and track searching. The jog wheels are surrounded by illuminated rings that indicate playback status and other visual cues. Use the Play/Pause and Cue buttons for track control. Adjust tempo using the tempo faders.

4.3. Mixer Section

The central mixer section includes channel faders, EQ knobs (3-band per channel), and gain controls for each of the four channels. The crossfader allows for smooth transitions between channels. Utilize the Sound Color FX and Beat FX sections to add creative effects to your mix. Adjust parameters using the dedicated knobs and buttons.

4.4. Media Source Selection

Select your desired media source (USB, SD card, or network) using the source selection buttons on each deck or via the touchscreen interface.

4.5. Smart Cue

The Smart Cue feature allows for quick and precise cue point setting and recall, enhancing performance fluidity.

4.6. Zone Output

The multi-zone output allows you to send different audio signals to separate areas, enabling distinct soundscapes for different parts of your venue.

5. MAINTENANCE

To ensure the longevity and optimal performance of your OPUS-QUAD, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the unit with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and mild, non-abrasive cleaner. Avoid using harsh chemicals or solvents. Keep the touchscreen clean and free of smudges.
- **Storage:** When not in use, store the unit in a cool, dry place, away from direct sunlight, excessive heat, or humidity. Consider using a dust cover to protect the surface and components.
- **Software Updates:** Periodically check the Pioneer DJ official website for firmware updates. Keeping your unit's firmware up-to-date ensures access to the latest features, performance improvements, and bug fixes. Follow the instructions provided by Pioneer DJ for safe updating.

6. TROUBLESHOOTING

If you encounter issues with your OPUS-QUAD, refer to the following common troubleshooting steps:

- **No Power:** Ensure the power cable is securely connected to both the unit and the power outlet. Verify the power outlet is functional. Press the POWER button firmly.
- **No Sound Output:** Check all audio cable connections to speakers, headphones, and external devices. Ensure volume levels (master, channel faders, gain) are appropriately set. Verify the correct input source is selected on each channel.
- **Unit Freezes or Becomes Unresponsive:** Try restarting the unit by turning it off and then on again. If the issue persists, consult the official Pioneer DJ support resources for advanced troubleshooting or service.
- **Media Not Recognized:** Ensure USB drives or SD cards are formatted correctly (e.g., FAT32, HFS+). Try a different USB port or media device. Verify that the music files are in a supported format.
- **Jog Wheel Glitches:** Ensure the jog wheels are clean and free from debris. If persistent issues occur, contact Pioneer DJ support.

7. SPECIFICATIONS

Detailed specifications for the Pioneer DJ OPUS-QUAD:

- **Item Weight:** 29.1 pounds
- **Product Dimensions:** 40.6 x 23.8 x 10.9 inches
- **Item model number:** OPUS-QUAD
- **Date First Available:** February 4, 2023
- **Key Features:** 4-channel All-in-one DJ System with 10.1" Touchscreen, ESS Technology D/A Converter, Per-channel 3-band EQ, Multi-device Support, Multi-zone Output.

8. WARRANTY AND SUPPORT

For warranty information, product registration, and technical support, please visit the official Pioneer DJ website or contact their customer service department. Keep your proof of purchase for warranty claims. Online resources and FAQs are often available to assist with common queries and software downloads.

PIONEER DJ Opus Quad

Pioneer DJ

Cod.Art. : 176668

SISTEMA DJ PROFESSIONALE ALL-IN-ONE

Questo nuovo sistema DJ tutto in uno professionale si dà il massimo controllo sulla musica, come se fossi un direttore d'orchestra. Crea un'armonia tra design accattivante e suonabilità e include funzionalità nuove ed evolute, come la riproduzione autonoma su 4 deck. Tutto ciò si combina per fornire un'esperienza da DJ spettacolare, che potrai sfruttare per ispirare il tuo pubblico ovunque vi troviate.

L'Opus-Quad presenta un approccio completamente nuovo alle apparecchiature per DJ che armonizza design e suonabilità. Un maggiore livello di eleganza nella direzione musicale e più spazio in cui diffondere la musica contribuiscono a creare un'esperienza

L'Opus-Quad offre una riproduzione indipendente a 4 deck per performance DJ versatili. Ciò significa che puoi riprodurre simultaneamente 4 brani su 4 diversi deck, selezionarli i brani in anticipo e persino lasciare un deck libero per inserire richieste nel tuo set in qualsiasi momento - il tutto con un'unica unità. Inoltre, puoi assegnare a ciascun deck un colore diverso, corrispondente all'eliminazione dell'antefatto della *dog wheel*, in modo da sapere sempre con quale deck stia suonando.

Come preferisci riprodurre musica? Da chiavette USB o da enormi unità SSD? Collegando il tuo PC/Mac con un software per DJ, collegandoti via Wi-Fi per riprodurre in modalità wireless i brani dal tuo smartphone (in arrivo ad aprile 2023), oppure utilizzando rekordbox CloudDirectPlay? Con un singolo Opus-Quad puoi attingere

da diverse librerie musicali, puoi persino associare un dispositivo mobile tramite la tecnologia wireless Bluetooth/MD - perfetta se desideri inserire rapidamente una richiesta nel tuo set. Trova i tuoi brani nel modo più rapido e preciso che mai grazie all'interfaccia utente di nuova concezione con modulo touch
