Taylor Swoden 12-Cup Glass Carafe

Instruction Manual: 12-Cup Replacement Glass Carafe Pot

Brand: Taylor Swoden

INTRODUCTION

This instruction manual provides essential information for the proper use, care, and maintenance of your Taylor Swoden 12-Cup Replacement Glass Carafe Pot. Please read this manual thoroughly before first use and retain it for future reference.

SAFETY INFORMATION

Observe the following safety precautions to prevent injury or damage to the product:

- Handle glass carafe with care. Glass can break if dropped or subjected to sudden temperature changes.
- Do not place the hot carafe on cold or wet surfaces.
- Do not use the carafe if it is cracked or chipped. Discard immediately.
- Keep out of reach of children. Hot liquids can cause severe burns.
- Use only for its intended purpose with compatible coffee makers.
- Always ensure the lid is securely placed before pouring to prevent spills.

PRODUCT OVERVIEW

The Taylor Swoden 12-Cup Replacement Glass Carafe Pot is designed to replace standard 12-cup coffee maker carafes. It features a durable glass body, a comfortable handle, and a secure lid.

SETUP

Before first use, and for optimal performance:

1. **Unpack:** Carefully remove the carafe from its packaging. Inspect for any signs of damage.
2. **Wash:** Wash the carafe and lid thoroughly with warm, soapy water. Rinse completely.
3. **Dry:** Dry all parts completely before placing the carafe into your coffee maker.
4. **Placement:** Ensure the carafe is properly seated on the warming plate of your coffee maker.

OPERATING INSTRUCTIONS

Using your replacement carafe is straightforward:

1. **Brewing:** Place the empty carafe onto the warming plate of your compatible 12-cup coffee maker. Ensure the lid is properly aligned under the coffee maker's drip spout.
2. **Pouring:** Once brewing is complete, carefully remove the carafe from the warming plate. Use the handle to pour brewed coffee into cups.
3. **Serving:** The carafe is designed to keep coffee warm on the warming plate. Avoid leaving coffee in the carafe for extended periods to maintain optimal flavor.

MAINTENANCE AND CARE

Proper care will extend the life of your carafe:

- **Daily Cleaning:** After each use, wash the carafe and lid with warm, soapy water. A soft sponge or cloth is recommended.
- **Stain Removal:** For stubborn coffee stains, fill the carafe with a mixture of warm water and a small amount of white vinegar or baking soda. Let it soak for 15-30 minutes, then scrub gently and rinse thoroughly.
- **Dishwasher Safe:** The glass carafe is generally dishwasher safe (top rack recommended), but hand washing is preferred for longevity of the lid and handle components.
- **Avoid Abrasives:** Do not use abrasive cleaners, steel wool, or harsh scouring pads, as these can scratch the glass or plastic components.

- **Storage:** Store the carafe in a safe place where it will not be easily knocked over or dropped.

TROUBLESHOOTING

Common issues and their solutions:

Problem	Possible Cause	Solution
Carafe does not fit coffee maker.	Incompatible model or size.	Verify your coffee maker's capacity and carafe dimensions. This carafe is designed for 12-cup coffee makers.
Coffee spills when pouring.	Lid not properly secured or carafe overfilled.	Ensure the lid is firmly in place. Do not fill past the 12-cup mark.
Stains on glass.	Mineral deposits or coffee residue.	Clean with warm water and vinegar/baking soda solution as described in Maintenance.
