RELAX4LIFE 50 Gallon Patio Rattan Storage Box Instruction Manual

INTRODUCTION

Thank you for choosing the RELAX4LIFE 50 Gallon Patio Rattan Storage Box. This manual provides essential information for the safe assembly, operation, and maintenance of your new outdoor storage solution. Please read these instructions carefully before assembly and retain them for future reference.

SAFETY INFORMATION

- Ensure all parts are present and undamaged before assembly. Do not proceed with assembly if any parts are missing or broken.
- Keep children and pets away from the assembly area. Small parts can be a choking hazard.
- Assemble the unit on a soft, clean surface to prevent scratches.
- Do not overload the storage box. Refer to the specifications for weight capacity.
- Always close the lid completely when not in use to protect contents from weather and to prevent accidental injury.
- Avoid standing or sitting on the lid if it exceeds the stated top weight capacity.

PACKAGE CONTENTS

Verify that all components listed below are included in your package:

- 1 x Storage Box (disassembled components)
- 1 x Protective Liner
- 1 x Hardware Pack (screws, bolts, tools if applicable)
- 1 x Instruction Manual

ASSEMBLY INSTRUCTIONS

Assembly of the RELAX4LIFE Patio Rattan Storage Box requires careful attention to detail. A detailed user manual and all necessary hardware are included to facilitate the process. Please follow the steps below:

- Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Identify each component using the parts list provided in your included manual.
- Assemble Base Frame:** Connect the side panels to the front and back panels using the provided hardware. Ensure all connections are secure but do not fully tighten screws until all parts are aligned.
- Attach Wheels and Legs:** Secure the two universal wheels to one end of the base and the two fixed legs to the opposite end.
- Install Lid Hinges and Pneumatic Rods:** Attach the lid to the main body using the hinges. Install the pneumatic rods as per the diagram in your manual to ensure smooth and safe opening/closing.
- Insert Protective Liner:** Place the removable waterproof liner inside the storage box. Ensure it fits snugly and zip it into place if applicable.
- Final Tightening:** Once all components are correctly aligned, fully tighten all screws and bolts.

Important Note: Please do not tighten all screws completely until all holes are aligned to avoid unnecessary trouble during assembly.

MAINTENANCE

To ensure the longevity and appearance of your storage box, follow these maintenance guidelines:

- **Cleaning:** Wipe the exterior rattan with a soft, damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners.
- **Liner Care:** The waterproof liner can be removed and wiped clean with a damp cloth. Ensure it is completely dry before zipping it back into place.
- **Weather Protection:** While the PE rattan is weather-resistant, prolonged exposure to heavy rain or extreme weather conditions should be minimized. For extended periods of non-use or severe weather, consider covering the box or storing it in a sheltered area.
- **Inspection:** Periodically check all hardware connections to ensure they remain tight and secure.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Water Inside the Liner:** If water accumulates inside the liner after rain, check that the liner is properly installed and zipped. Ensure the lid is fully closed and inspect for any gaps or damage to the rattan weave or lid seal. While the liner is waterproof, the outer rattan is not completely sealed against all water ingress, especially during heavy downpours.
- **Lid Not Opening/Closing Smoothly:** Check the pneumatic rods for any obstructions or damage. Ensure they are securely attached and lubricate hinges if necessary.
- **Difficulty Moving the Box:** Verify that the universal wheels are free from debris and can rotate 360 degrees. Ensure the box is not overloaded beyond its weight capacity.
