Phomemo 241BT

Phomemo Thermal Label Printer 241BT User Manual

Model: 241BT | Brand: Phomemo

1. INTRODUCTION

The Phomemo 241BT Thermal Label Printer is designed for efficient and high-quality label printing for various applications, including shipping, small business, and personal use. This printer utilizes advanced thermal direct technology, eliminating the need for ink or toner. It supports both wireless (Bluetooth) and wired (USB) connections, offering versatility across multiple devices and operating systems.

Image: The Phomemo 241BT printer demonstrating connectivity with both a laptop via USB and a smartphone via Bluetooth, highlighting its multi-system compatibility.
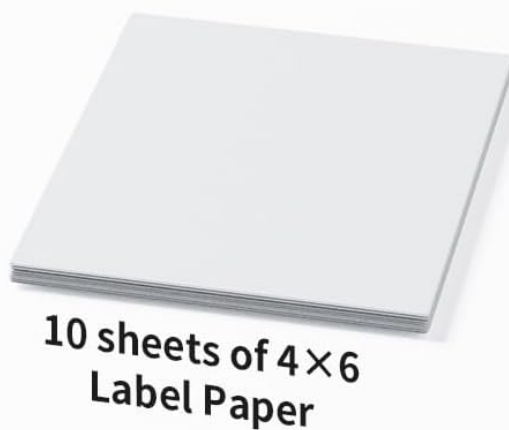

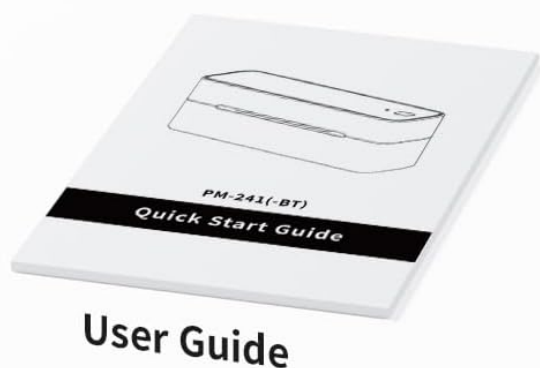

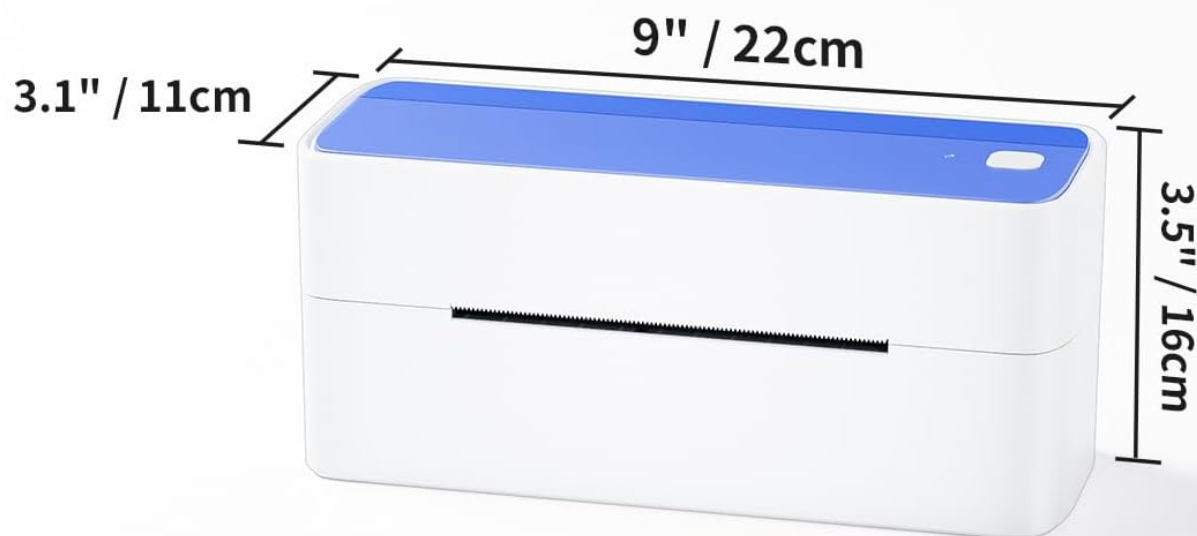

Key features include:

- **Inkless Printing:** Advanced thermal direct technology removes the need for expensive toner or ink.
- **High-Speed Output:** Prints up to 72 sheets of 4x6 labels per minute.
- **High Resolution:** 203 DPI ensures clear and precise printing.
- **Versatile Connectivity:** Supports Bluetooth for mobile devices (iOS/Android) and USB for PC (Windows, Mac OS, Chrome OS, Linux).
- **Wide Compatibility:** Works with major shipping and sales platforms like eBay, Shopify, Amazon, Etsy, UPS, USPS, FedEx, and DHL.
- **Adaptable Label Width:** Accommodates labels from 1 to 4.6 inches (25.4-117mm).

2. WHAT'S IN THE BOX

Please verify that all components are present in the package:

- 1 x Phomemo 241BT Label Printer
- 10 sheets of 4x6 thermal label paper
- 1 x Power Adapter and Cord
- 1 x Type C Adapter and USB Cable
- 1 x User Guide

Package Includes

3. SETUP GUIDE

3.1. Hardware Connection

1. **Connect Power:** Plug the power adapter into the printer's power port and then into a wall outlet.

2. **Connect USB (Optional):** For wired printing, connect one end of the USB cable to the printer and the other end to your computer. Use the Type C adapter if your computer requires it.

3.2. Software Installation

For Mobile Devices (iOS & Android - Wireless Bluetooth)

1. **Download "Labelife" App:** Search for "Labelife" in the Apple App Store (for iOS) or Google Play Store (for Android) and download the application.

2. **Enable Bluetooth:** Turn on Bluetooth on your mobile phone or tablet.

3. **Connect in App:** Open the "Labelife" app and follow the in-app instructions to connect to your Phomemo 241BT printer via Bluetooth.

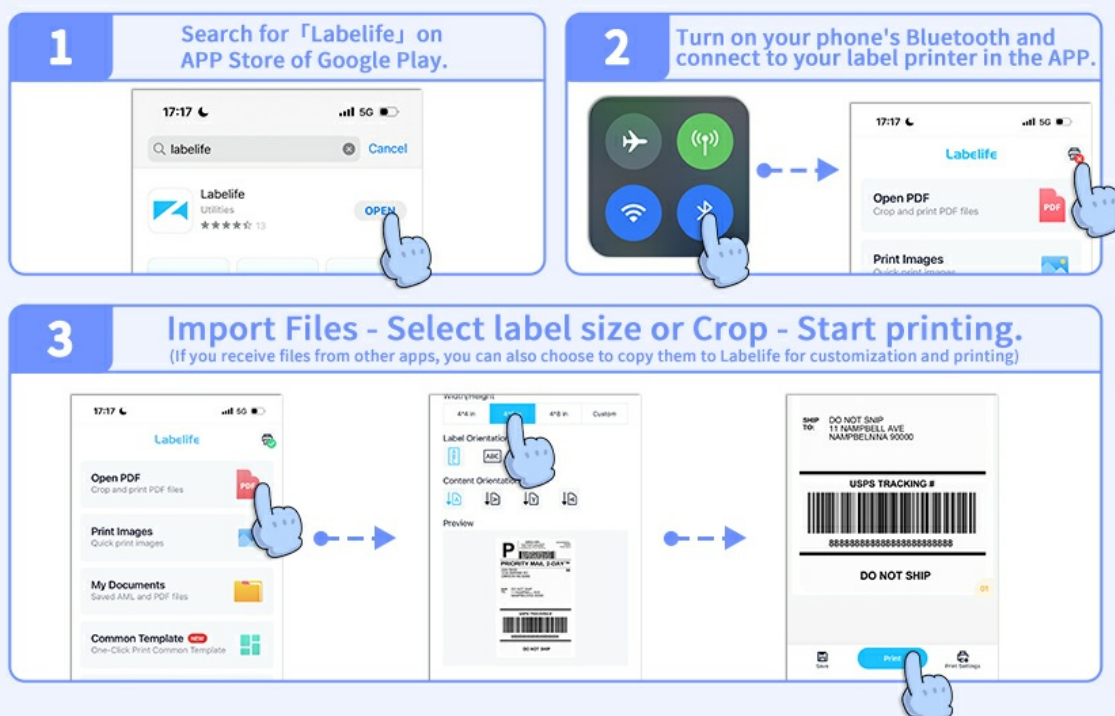

Image: Visual instructions for downloading the Labelife app, enabling Bluetooth, and connecting to the printer for wireless printing.

For Computers (Windows, Mac OS, Chrome OS, Linux - USB Wired)

1. **Download Driver:** Visit labelife.net/pm241 to download the appropriate driver for your operating system (Windows, Mac OS, Linux).

2. **Install Driver:** Follow the on-screen instructions to install the downloaded driver.

3. **For Chrome OS:** Enter "Labelife" in the Chrome Web Store and add the extension to your Google Chrome browser.

Image: The Phomemo 241BT printer connected via USB to a laptop, illustrating compatibility with various desktop operating systems and the need for driver installation.

3.3. Loading Labels

The Phomemo 241BT supports thermal labels with widths ranging from 1 inch (25.4mm) to 4.6 inches (117mm). Ensure labels are loaded correctly for optimal printing.

1. Open the printer cover.

2. Insert the label roll or fan-fold labels into the label compartment, ensuring the printable side faces up.

3. Adjust the label guides to fit the width of your labels snugly, without being too tight.

4. Close the printer cover. The printer will automatically detect the label size and calibrate.

Image: A visual representation of the printer's capability to handle different label widths and types, from small circular labels to standard 4x6 shipping labels.

4. OPERATING INSTRUCTIONS

4.1. Printing via USB Cable (PC)

1. Ensure the printer is connected to your PC via USB and the driver is installed.

2. Open the document or label file you wish to print on your computer.

3. Select "Print" from your application's menu.

4. Choose the Phomemo 241BT printer from the list of available printers.

5. Adjust print settings (e.g., label size, orientation) as needed in the print dialogue box.

6. Click "Print" to start printing.

4.2. Printing Wirelessly (Mobile App)

1. Ensure your mobile device is connected to the Phomemo 241BT via Bluetooth through the "Labelife" app.

2. Within the "Labelife" app, import the file (PDF, image) you want to print.

3. Select the desired label size or crop the content as necessary.

4. Preview the label to ensure correct formatting.

5. Tap "Print" to send the job to the printer.

4.3. Supported Platforms and Applications

The Phomemo 241BT printer is compatible with a wide range of e-commerce and shipping platforms, facilitating label creation for various services.

Image: A display of logos from numerous online platforms and shipping carriers that are compatible with the Phomemo 241BT label printer.

Common applications include:

- Shipping labels for major carriers (UPS, USPS, FedEx, DHL).
- Labels for e-commerce platforms (Amazon, eBay, Shopify, Etsy, Poshmark, Temu).
- Barcode labels for inventory management.
- Product labels and notes for various business needs.

5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your Phomemo 241BT printer.

- **Cleaning the Print Head:** Use an alcohol wipe or a specialized print head cleaning pen to gently clean the thermal print head. Ensure the printer is off and cooled down before cleaning.
- **Cleaning the Exterior:** Wipe the exterior of the printer with a soft, damp cloth. Avoid using harsh chemicals.
- **Dust Removal:** Keep the label compartment free of dust and debris to prevent paper jams and maintain print quality.
- **Storage:** Store the printer in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your Phomemo 241BT printer.

Problem	Possible Cause	Solution
No Power	Power cable not connected; power outlet issue.	Ensure power cable is securely connected to printer and a working outlet.
Poor Print Quality	Dirty print head; incorrect label type; low resolution setting.	Clean the print head. Ensure you are using thermal labels. Check print settings for 203 DPI resolution.
Labels Not Feeding Correctly	Labels loaded incorrectly; label guides not adjusted; label jam.	Reload labels, ensuring they are straight and guides are snug. Clear any jammed labels.
Cannot Connect via Bluetooth	Bluetooth not enabled; app not open; printer not discoverable.	Ensure Bluetooth is on your device. Open the "Labelife" app and follow connection steps. Restart printer and device.
Cannot Print via USB	Driver not installed; incorrect USB port; cable issue.	Install the correct driver from labelife.net/pm241. Try a different USB port or cable.

7. SPECIFICATIONS

Feature	Detail
Model Name	241BT
