## LEAYU H1

# LEAYU H1 Bluetooth Headset User Manual

Model: H1 | Brand: LEAYU

## 1. INTRODUCTION AND OVERVIEW

The LEAYU H1 Bluetooth Headset is designed for clear communication and comfortable wear, ideal for office work, truck drivers, and remote professionals. It features advanced Environmental Noise Cancellation (ENC) technology, extended battery life, and multipoint connectivity for seamless switching between devices.

Image 1: The LEAYU H1 Wireless Headset, highlighting its comfortable, lightweight, and portable design.

## 2. PRODUCT FEATURES

- **Cutting-edge Environmental Noise Cancellation (ENC):** Eliminates up to 95% of harmful interfering noises, ensuring clear communication even in noisy environments.
- **Comfortable Fit:** Ultra-soft protein leather ear cushions, breathable memory foam, lightweight metal stretchable headband, and a silicone anti-slip pad provide all-day comfort and stability.
- **60-Hour Long Battery Life:** Built-in 400mAh battery offers 2100 hours of standby time, 35 hours of talk time, and 60 hours of music time.
- **Dual Connection (Bluetooth 5.2):** Ensures fast and stable connection, widely compatible with iPhone, Android cell phones, computers, and PCs within 10 meters. Supports simultaneous connection to two

devices.

- **Updated Control Panel:** Features a mute button for calls, a convenient push-up/down power button, and extra-large function and volume keys for simple operation.

### 3. PACKAGE CONTENTS

Please check the package for the following items:

- LEAYU H1 Bluetooth Headset
- USB-A to USB-C Charging Cable
- User Manual

### 4. SETUP

#### 4.1 Charging the Headset

Before first use, fully charge your LEAYU H1 headset. Connect the provided USB-A to USB-C charging cable to the USB-C port on the headset and a compatible USB power source. The indicator light will show charging status.

Image 3: The headset connected via USB-C for charging, illustrating its long battery life with 2 hours charge time for 35 hours talk time or 60 hours music time.

## 4.2 Bluetooth Pairing

1. Ensure the headset is charged and powered off.
2. Press and hold the Power button (usually the MFB button) until the indicator light flashes blue and red, indicating pairing mode.
3. On your device (phone, PC, etc.), enable Bluetooth and search for available devices.
4. Select "LEAYU H1" from the list of devices.
5. Once connected, the indicator light will turn solid blue or flash blue slowly.
6. For dual connection, after pairing with the first device, disable Bluetooth on the first device, then put the headset back into pairing mode and connect to the second device. Re-enable Bluetooth on the first device, and the headset should connect to both.

Image 4: The headset connected to both a laptop and a smartphone, demonstrating its Bluetooth 5.2 chip for stable and fast multipoint connection within 10 meters.

## 5. OPERATING INSTRUCTIONS

### 5.1 Wearing the Headset

The LEAYU H1 headset features an adjustable headband and a rotatable microphone, allowing it to be worn on either the left or right ear for optimal comfort and microphone positioning.

- **Adjustable Headband:** Extend or retract the headband to fit your head comfortably.
- **270° Rotatable Microphone:** Swivel the microphone boom to position it optimally for your mouth, regardless of which ear you wear the earcup on.
- **Silicone Anti-Slip Pad:** Ensures stability during extended wear.

Image 5: Detailed view of the headset's comfort features, including soft protein leather, adjustable headband, 270° rotatable microphone, and anti-slip pad.

## 5.2 Controls

The headset features intuitive controls located on the earcup:

- **Power Button (MFB Button):** Press and hold to power on/off. Short press for play/pause, answer/end calls.
- **Volume Up (+):** Increase volume. Long press for next track.
- **Volume Down (-):** Decrease volume. Long press for previous track.
- **Mute Button:** Mute/unmute the microphone during a call.

**One-touch mute** for instant call silence, preventing awkward moments – your essential business headset!

Image 6: Overview of the headset's control panel, showing the indicator light, MFB button, volume controls, mute button, and USB-C port.

## 5.3 Microphone Usage

Position the microphone approximately 1-2 inches from your mouth for optimal voice pickup and noise cancellation performance.

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your LEAYU H1 headset, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the headset. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Moisture:** Do not expose the headset to water or excessive moisture.
- **Handle with Care:** Avoid dropping or subjecting the headset to strong impacts.

## 7. TROUBLESHOOTING

If you encounter issues with your headset, try the following solutions:

- **No Power:** Ensure the headset is fully charged. Connect it to a power source using the USB-C cable.
- **Cannot Pair:** Make sure the headset is in pairing mode (indicator light flashing blue and red). Ensure Bluetooth is enabled on your device and it's within range (10 meters). Try restarting both the headset and your device.
- **No Audio/Poor Audio Quality:** Check the volume levels on both the headset and your connected device. Ensure the headset is correctly paired and selected as the audio output device.
- **Microphone Not Working:** Ensure the microphone boom is properly positioned and not muted. Check microphone settings on your connected device.
- **Intermittent Connection:** Move closer to your connected device to ensure it's within Bluetooth range. Avoid obstacles that might interfere with the signal.
