An overview of all items included in the yoose Mini Shaver package: the shaver, leather case, USB-C cable, cleaning brush, and instruction manual.

## KEY FEATURES

- **Travel Size & Portable:** Designed for ultimate portability, this mini shaver fits easily in your bag, car, or travel kit. It includes a premium leather storage case and a TRAVEL LOCK function for secure carrying.

Image illustrating the compact size of the yoose Mini Shaver, highlighting its portability.

- **Alloy Body Construction:** Crafted from a one-piece molded alloy with an 18-plating process, the shaver boasts a mirror-like metal texture and a rounded shape for comfortable grip.

## ALLOY BODY

**18** electroplating processes | **1** piece molding

Detail shot emphasizing the alloy body and electroplating process of the shaver.

- **60 Minutes Cordless Shaving:** Equipped with USB-C quick charging, providing up to 60 minutes of cordless use per charge, suitable for weeks of regular shaving.

## Travel Lock

The shaver is equipped with a travel lock function to prevent misuse during storage/placement by external pressure on the switch.

\*Press the on/off button for 2 seconds when the device is switched off to activate travel lock (the shaver will vibrate twice and the indicator light will turn off after 1 second).

- **IPX7 Waterproof & Washable:** Fully washable design (IPX7 rated) with a magnetic head for effortless cleaning. Simply rinse under water after use.

# WATERPROOF AND WASHABLE

The shaver partially submerged in water, demonstrating its IPX7 waterproof rating.

- **Advanced Shaving System:** Features a floating design with a stainless steel blade powered by a high-speed 8,000 RPM motor, ensuring a fast, comfortable shave without irritation.

## Custom Leather Case

yoose shavers come with an exclusive leather case. Convenient for your daily storage or for carrying the shaver when traveling. Moreover, it can protect the shaving head from damage.

An internal view highlighting the powerful motor and upgraded shaving blade for efficient performance.

## SETUP

### Charging the Shaver

Before first use, fully charge your yoose Mini Shaver. Use the provided USB-C charging cable to connect the shaver to a compatible USB power source (e.g., wall adapter, computer USB port). The battery indicator will show charging status. A full charge provides approximately 60 minutes of cordless use.

## OPERATING INSTRUCTIONS

### Activating/Deactivating Travel Lock

The shaver is equipped with a travel lock function to prevent accidental activation during storage or transport. To activate or deactivate the travel lock, press and hold the power button for 2 seconds. The shaver will vibrate twice, and the indicator light will turn off after 1 second to confirm the lock is engaged.

### Upgraded Widen Shaving Blade

**33%**  
Blade Width

**11%**  
Shaving Efficiency

**100.000**  
shaves/minute

The wide blade increases the cutting area to improve shaving efficiency. Self-sharpening design makes the blade sharper the more you use it.

### Shaving Tips

The yoose shaver is suitable for thin, short, soft, and new beards. For optimal results and to avoid pulling, it is recommended to trim longer hair before using the shaver. Once shaving has commenced, shave against the grain of the beard or facial hair for a closer shave.

**Note:** It is normal for the skin to experience mild irritation during the first few shaves. Regular use for approximately 3 weeks will help your skin accustom to the shaver.

### Powerful Motor

The shaver is equipped with a newly upgraded and powerful RuFeB strong magnetic motor. Significantly improved torque and speed. Brings a strong driving force growth of 33%. Get a clean shave with ease.

**33%**  
Driving Force

**8000**  
High Speed

## MAINTENANCE

## Cleaning the Shaver

Thanks to its IPX7 waterproof rating, the yoose Mini Shaver is easy to clean. After each use, simply rinse the shaver head under running water to remove hair clippings. For a more thorough cleaning, detach the magnetic head and use the provided cleaning brush to clear any trapped debris. Ensure the shaver is dry before reattaching the head and storing.

Waterproof Rating	IPX7
Motor Speed	8,000 RPM
Battery Life	Up to 60 minutes cordless use
Charging Port	USB-C
Manufacturer	yoose
Country of Origin	China

## TROUBLESHOOTING

If you encounter any issues with your yoose Mini Shaver, please refer to the following common solutions:

- Shaver not turning on:** Ensure the travel lock is deactivated by pressing and holding the power button for 2 seconds. Check if the battery is charged.
- Poor shaving performance:** Ensure the shaver head is clean and free of hair clippings. For longer beards, pre-trimming is recommended to prevent pulling and improve efficiency.
- Skin irritation:** Mild irritation can occur during initial uses. Allow your skin to adapt over a few weeks of regular use. Ensure you are shaving against the grain for a closer, smoother result.
- Charging issues:** Verify that the USB-C cable is securely connected to both the shaver and the power source. Try a different USB-C cable or power adapter if necessary.

For further assistance, please contact yoose customer support.

## WARRANTY AND SUPPORT

The yoose Mini Shaver comes with a standard manufacturer's warranty. Please refer to the warranty card included in your package for specific terms and conditions. For product support, technical assistance, or warranty claims, please visit the official yoose website or contact their customer service department.
