GAMEPLAY

The ONE Piece Card Game is a strategic collectible card game where players use character cards, event cards, and Don!! cards to battle opponents. The objective is typically to reduce your opponent's life points to zero or achieve other victory conditions as outlined in the rules.

Key aspects of gameplay include:

- **Turns:** Players take turns performing actions such as drawing cards, playing character cards, activating abilities, and attacking.
- **Don!! Cards:** These cards serve as resources to play other cards and boost the power of your characters during battle.
- **Leader Cards:** Each player has a Leader card that represents their main character and has unique abilities.
- **Battle:** Engage in combat with your opponent's characters and leader to deal damage.

For a complete understanding of game mechanics, card types, phases of a turn, and detailed rules, please consult the *Official Rules Manual* provided in the set.

MAINTENANCE

Proper care of your ONE Piece Card Game components will ensure their longevity and maintain their condition for many games to come.

- **Card Handling:** Always handle cards with clean, dry hands to prevent dirt, oils, and moisture from damaging them.
- **Storage:** Store cards in their original deck boxes, card sleeves, or a dedicated card storage box to protect them from bending, creasing, and environmental damage.
- **Play Surface:** Play on a clean, flat surface. The included play sheet helps protect cards from rough surfaces.
- **Avoid Liquids:** Keep all liquids away from the cards and play area.
- **Temperature and Humidity:** Store the set in a cool, dry place away from direct sunlight and extreme temperature fluctuations to prevent warping or fading.
