

RedThunder K10

RedThunder K10 Wireless Gaming Keyboard and Mouse Set User Manual

Model: K10

INTRODUCTION

Thank you for choosing the RedThunder K10 Wireless Gaming Keyboard and Mouse Set. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your new gaming peripherals. Please read this manual carefully before use to ensure optimal performance and longevity of your product.

SETUP INSTRUCTIONS

1. Unpacking and Initial Charge

Carefully remove the keyboard and mouse from their packaging. Before first use, it is recommended to charge both devices for **8 hours** to ensure full battery capacity.

2. Connecting the USB Receiver

The RedThunder K10 keyboard and mouse share a single 2.4G USB receiver. This receiver is conveniently stored in the bottom compartment of the mouse.

1. Locate the USB receiver on the underside of the mouse.
2. Remove the receiver and plug it into an available USB port on your computer or gaming console.
3. Turn on the keyboard and mouse using their respective power switches. The devices are pre-paired and should connect automatically.

Note: If the connection is lost for any reason, you may need to re-pair the devices. Refer to the Troubleshooting section for instructions.

OPERATING INSTRUCTIONS

1. Keyboard Backlight Control

The keyboard features three integrated groups of rainbow RGB backlight effects. You can customize the lighting to your preference:

- **Modes:** Supports 2 breathing modes and 3 static modes.
- **Brightness:** Offers 4 levels of brightness adjustment.
- The letters, logo, key gaps, and surrounding areas are illuminated.

2. Mouse Lighting

The mouse incorporates a 7-color gradual cyclic lighting effect, enhancing your gaming setup's aesthetics.

3. Multimedia Keys and Functions

The keyboard includes dedicated multimedia function keys. Use the **Fn** key in combination with F1-F12 for various shortcuts:

- **Fn + F1-F12:** Access 12 multimedia key combinations.
- **Fn + W:** Swap WASD keys with arrow keys.
- **Fn + WIN:** Lock the Windows key to prevent accidental presses during gaming.

4. Anti-Ghosting

The keyboard features anti-ghosting technology, ensuring that multiple key presses are registered accurately, which is crucial for fast-paced gaming.

5. DPI Adjustment (Mouse)

The mouse offers adjustable DPI settings up to 3200DPI, allowing you to fine-tune sensitivity for precision or speed in different applications and games.

6. Power Saving Mode

Both the keyboard and mouse are equipped with intelligent power-saving functions. If there is no operation within 2 minutes, they will automatically enter sleep mode. Press any key to wake them up.

Image: A visual representation of the rechargeable battery capacities: 3000mAh for the keyboard and 800mAh for the mouse, indicating long-lasting power.

MAINTENANCE

1. Cleaning

To clean your keyboard and mouse, use a soft, dry cloth. For stubborn dirt, a slightly damp cloth with mild soap can be used, ensuring no liquid enters the devices. Avoid abrasive cleaners or solvents.

2. Battery Care

- Charge the devices fully before first use (8 hours).
- Avoid completely draining the battery frequently.
- Store in a cool, dry place when not in use for extended periods.

TROUBLESHOOTING

1. Devices Not Connecting

- Ensure the USB receiver is securely plugged into a working USB port.
- Check that both the keyboard and mouse are powered on.
- **Re-pairing:** If the connection is lost, turn off both devices, unplug the receiver, then plug it back in. Turn on the keyboard and mouse. If they still don't connect, consult the manufacturer's support.
- Ensure there are no significant obstacles between the devices and the receiver.

2. Input Lag or Delayed Response

- Ensure the devices are fully charged. Low battery can affect performance.
- Move the USB receiver closer to the keyboard and mouse, or ensure it's not obstructed by metal objects.
- Avoid using the devices near other strong wireless interference sources (e.g., Wi-Fi routers, other 2.4GHz devices).

3. Backlight Not Working

- Check battery level; backlighting consumes power.
- Ensure backlight is not turned off or set to the lowest brightness level. Adjust using the keyboard controls.

SPECIFICATIONS

Feature	Detail
Brand	RedThunder
Model	K10
Color	Black
Connectivity Technology	2.4G Wireless (USB Receiver)
Special Features	Ergonomic, Portable, Rechargeable
Compatible Devices	Laptop, Gaming Console, PC
