Kawada NBPM_089, NBPM_090, NBPM_091

Kawada Nanoblock Pokemon Set: Raikou, Entei, Suicune Instruction Manual

Models: NBPM_089, NBPM_090, NBPM_091

Introduction

This instruction manual provides essential information for the assembly, care, and safe use of your Kawada Nanoblock Pokemon Set, featuring Raikou (NBPM_089), Entei (NBPM_090), and Suicune (NBPM_091). Please read this manual thoroughly before beginning assembly and retain it for future reference.

Product Overview

The Kawada Nanoblock Pokemon Set includes three distinct Pocket Monster models, each designed for detailed construction using micro-sized building blocks. This set allows for the creation of:

- **Raikou** (Model: NBPM_089)
- **Entei** (Model: NBPM_090)
- **Suicune** (Model: NBPM_091)

Each model is packaged separately with its own specific building instructions.

This image displays the three completed Nanoblock models included in the set: Raikou (top), Entei (bottom left), and Suicune (bottom right). Each model is constructed from small building blocks, showcasing their distinct colors and features.

Setup and Assembly

Assembly of each Nanoblock model requires careful attention to detail due to the small size of the blocks. Follow the specific instruction sheet provided within each individual model's packaging.

General Assembly Tips:

1. **Organize Blocks:** Before starting, sort the blocks by color and shape. This will significantly speed up the building process.
2. **Work on a Flat Surface:** Ensure you have a clean, well-lit, and stable surface to prevent losing small pieces.
3. **Follow Instructions Carefully:** Each step in the provided instruction sheet is crucial. Pay close attention to the orientation and placement of each block.
4. **Use a Tool (Optional):** A pair of tweezers or a block separator (not included) can be helpful for placing or removing very small blocks.
5. **Secure Connections:** Press blocks firmly together to ensure a stable connection.

Usage and Display

Once assembled, your Nanoblock Pokemon models are intended for display. They are not designed for rough play, as small parts may detach.

- **Display Location:** Choose a stable, flat surface away from direct sunlight, excessive heat, or humidity to prevent material degradation.
- **Handling:** Handle the models gently to avoid dislodging blocks.

Maintenance

Proper maintenance will help preserve the appearance and integrity of your Nanoblock models.

- **Cleaning:** Use a soft, dry brush or a can of compressed air to gently remove dust. Avoid using water or chemical cleaners, as these may damage the blocks or cause discoloration.
- **Storage:** If disassembling for storage, keep all blocks in a sealed container to prevent loss and protect them from dust.

Troubleshooting

Encountering issues during assembly is rare, but here are some common concerns and solutions:

- **Missing Pieces:** Double-check your work area and the packaging. Due to the small size, pieces can be easily overlooked. If a piece is genuinely missing, please contact Kawada customer support.
- **Difficulty Connecting Blocks:** Ensure blocks are correctly oriented and aligned. Apply firm, even pressure. Do not force blocks, as this may cause damage.
- **Model Instability:** Review previous steps in the instructions to ensure all connections are secure and blocks are placed correctly.

Specifications

Brand	Kawada
Models Included	Raikou (NBPM_089), Entei (NBPM_090), Suicune (NBPM_091)
Theme	Pocket Monsters
Product Type	Building Blocks Set
Target Age	Kids (Specific age recommendation typically on packaging)
ASIN	B0BV2JL42Z

Safety Information

Please observe the following safety guidelines:

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age. Keep away from infants and young children who may put objects in their mouths.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger users.
- **Proper Disposal:** Dispose of packaging materials responsibly.

Warranty and Support

For specific warranty information or customer support regarding your Kawada Nanoblock product, please refer to the contact details provided on the product packaging or visit the official Kawada website. If you have missing parts, please contact Kawada customer service directly.
