Famiworths Mini Coffee Maker Model 2 Instruction Manual

Brand: Famiworths

Model: 2

IMPORTANT SAFETY INSTRUCTIONS

Please read all instructions carefully before using this appliance. Keep this manual for future reference.

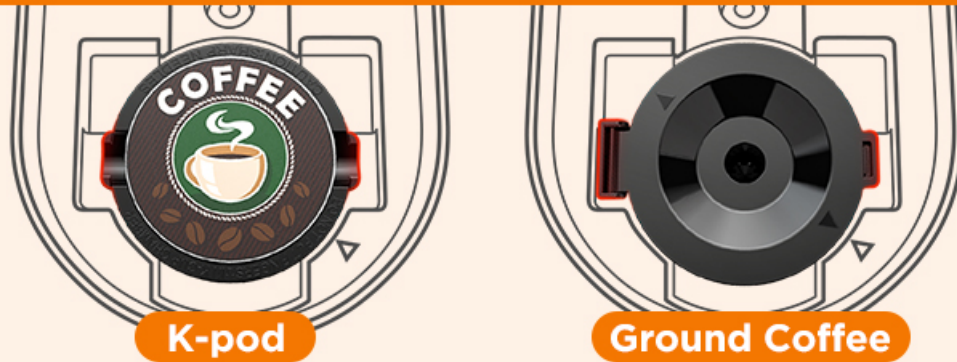

- Do not immerse the appliance, power cord, or plug in water or other liquids.
- Ensure the appliance is placed on a stable, flat, heat-resistant surface.
- Do not operate the appliance with a damaged cord or plug.
- Always use fresh, cold water for brewing. Do not fill the reservoir with hot water.
- Do not open the lid while brewing to avoid scalding.
- This appliance is designed for household use only.
- Keep out of reach of children.
- This appliance can ONLY be used under US standard voltage 110V-120V. A voltage converter is needed if used in other countries.

PRODUCT OVERVIEW

Components

- Famiworths Mini Coffee Maker
- K-Pod Holder
- Permanent Filter (Brew Basket with Stained Steel Filter Net)

2-in-1 Coffee Maker

Note: The handle of the holder or basket should be placed horizontally

Image: The Famiworths Mini Coffee Maker is a 2-in-1 system, featuring a K-pod holder for standard coffee capsules and a brew basket with a stainless steel filter net for up to 20g of ground coffee. All accessories are removable and dishwasher safe.

Space-save & Easy to Carry

Image: The compact design of the Famiworths Mini Coffee Maker (4.3" D x 7.8" W x 9.4" H) makes it ideal for small spaces and travel, easily fitting into a suitcase.

SETUP

Initial Use

Before first use, it is recommended to run a brew cycle with just water, without adding coffee. This helps to clean the coffee maker and prepare it for optimal coffee extraction.

1. Fill the water reservoir with fresh, cold water up to the MAX 12oz line.
2. Close the lid securely.
3. Place an empty mug on the drip tray.
4. Press the power button to start a plain water brew cycle.
5. Discard the hot water. The coffee maker is now ready for use.

OPERATING INSTRUCTIONS

Water Filling and Brew Sizes

The coffee maker features a clear water window with measurements from 6 to 12 oz, allowing you to easily fill the reservoir to your desired level for a smoother brewing experience.

Image: The side of the coffee maker features an easy-to-view water window with clear markings for 6, 8, 10, and 12 ounce brew sizes, ensuring precise water measurement.

Brewing with K-Cups or Ground Coffee

This coffee maker offers versatility, allowing you to brew with either standard K-Cup pods or your favorite ground coffee using the included permanent filter.

Video: This video demonstrates the easy process of brewing coffee using either a K-Cup pod or ground coffee with the Famiworths Mini Coffee Maker. It highlights the simple steps for inserting the chosen coffee type and starting the brew cycle.

1. Open the top lid of the coffee maker.
2. **For K-Cups:** Insert a standard K-Cup pod into the K-pod holder. Ensure it is seated correctly.
3. **For Ground Coffee:** Fill the permanent filter (brew basket) with up to 20g of your preferred ground coffee. Place the filled brew basket into the coffee maker.
4. Close the top lid firmly until it clicks.

One-Button Operation

Enjoy a fresh cup of coffee with minimal effort. The Famiworths Mini Coffee Maker features a simple one-button operation for quick brewing.

Image: The coffee maker utilizes fast brewing technology, delivering a 12oz cup of hot coffee in just 2 minutes with a single button press, reaching temperatures up to 180°F.

1. Place your mug on the drip tray.
2. Press the power button once to begin brewing. The button light will illuminate.
3. The coffee maker will brew your selected coffee (up to 12 oz) in approximately 2 minutes.
4. Once brewing is complete, the appliance will automatically shut off.

Video: This video provides a simple demonstration of how to use the Famiworths Mini Pod Single Serve Coffee Maker, showcasing its straightforward operation for a quick and easy coffee experience.

MAINTENANCE

Cleaning and Descaling

Regular cleaning and descaling ensure optimal performance and prolong the life of your coffee maker.

Descaling Reminder & Cleaning Function

Image: The coffee maker features a built-in descaling reminder. When cleaning is needed, the 'DESCALE' light will illuminate red. Pressing the button for 2 seconds initiates the self-cleaning process.

Descaling Process:

1. When the 'DESCALE' light illuminates red, it's time to clean the machine.
2. Add a descaling solution (or a mixture of water and white vinegar) to the water reservoir.
3. Press and hold the power button for 2 seconds to start the descaling cycle. The power button and 'DESCALE' light will flash during the process.
4. Once the cycle is complete, run 2-3 plain water cycles to rinse the machine thoroughly.

Dishwasher Safe Components:

The brew basket and capsule holder are dishwasher safe for easy cleaning.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Button flashes quickly, but no brew.	Insufficient water in reservoir or lid not completely closed.	Add water to the reservoir. Ensure the lid is completely closed.
Coffee is not hot enough.	Brewing too quickly or machine needs descaling.	Ensure proper water level. Perform a descaling cycle if the reminder light is on.
Water leaks from the machine.	K-pod or brew basket not properly seated or damaged.	Ensure the K-pod or brew basket is fully locked in place. Check for any damage to the pod or basket.
