Jorumo Jellyfish Type

Jorumo Fish Tank Building Block Lighting Aquarium Set Instruction Manual

Model: Jellyfish Type

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Jorumo Fish Tank Building Block Lighting Aquarium Set, model Jellyfish Type. This set allows you to construct a miniature ocean world with interactive elements and lighting, offering an engaging building experience.

SAFETY INFORMATION

- Please read all instructions carefully before assembly and use.
- This product contains small parts and is recommended for ages 14 years and up, as per manufacturer guidelines.
- Keep small parts away from young children to prevent choking hazards.
- Do not expose lighting components to water.

PACKAGE CONTENTS

The Jorumo Fish Tank Building Block Lighting Aquarium Set includes:

- Approximately 725 building block pieces
- Full-color instruction manual
- Lighting components (LEDs)
- Detachable background plate
- Various marine animal and plant figures (e.g., jellyfish, fish, crab, turtle)

ASSEMBLY INSTRUCTIONS

Follow the included full-color instruction manual step-by-step for proper assembly. The manual provides detailed diagrams to guide you through the construction process.

1. **Unpack and Sort:** Carefully unpack all building block pieces. It is recommended to sort pieces by color and type to facilitate assembly.
2. **Base Construction:** Begin by assembling the base of the fish tank according to the manual.
3. **Internal Structure:** Construct the internal elements, including the rotatable jellyfish mechanism, coral, and other marine plants.
4. **Marine Animals:** Assemble the various marine animals such as the fish, crab, and turtle, integrating them into the tank's design as instructed.
5. **Lighting Installation:** Install the two night lights into their designated positions. Ensure wires are routed correctly and securely connected.
6. **Background Plate:** Insert the detachable background plate into the rear of the tank.
7. **Final Touches:** Complete any remaining steps and ensure all connections are secure.

Jorumo is not just a simple toy that inspires infants' intelligence. We aim to create unlimited possibilities with the help of children's hands through plastic particles.

Hey, don't underestimate children's creativity, small building blocks, big world!

A detailed view highlighting the unique design and internal mechanisms, including the spinning jellyfish and moving fish, which are part of the interactive features.

The building set featuring its removable background plate, which allows for customization and different display options for the underwater scene.

A close-up demonstrating the interactive elements such as the spinning jellyfish, moving lantern fish, and walking

crab, which add dynamic movement to the aquarium.

OPERATING INSTRUCTIONS

Once assembled, your Jorumo Fish Tank Building Block Set offers interactive features and lighting effects.

- **Activating Lights:** The set is equipped with two night lights. Locate the power switch, typically on the base or side of the tank, to turn the lights on or off.
- **Interactive Movement:** A rotate control button is located on the side of the base. Turn this button to activate the movement of the internal elements, such as the spinning jellyfish and moving fish.
- **Background Customization:** The background plate is detachable, allowing you to change the visual backdrop of your aquarium scene.

This image illustrates the difference between the day and night lighting effects, showcasing how the integrated LEDs create a mysterious ocean atmosphere in the dark.

MAINTENANCE

To maintain the appearance and functionality of your Jorumo Fish Tank Building Block set:

- Gently wipe the blocks with a dry or slightly damp cloth to remove dust.

- Avoid using harsh chemicals or abrasive cleaners, as these can damage the plastic.
- Ensure all electrical components (lights) are dry before use and avoid direct contact with water.
- Store the set in a cool, dry place away from direct sunlight to prevent discoloration or deformation of the plastic.

TROUBLESHOOTING

Problem	Possible Cause / Solution
Pieces are missing or do not fit correctly.	Carefully review the instruction manual to ensure all steps were followed. If pieces are genuinely missing or defective, contact Jorumo customer support.
Lights are not functioning.	Check battery installation (if applicable, batteries not included). Ensure all electrical connections are secure.
Interactive elements (jellyfish, fish, crab) do not move smoothly.	Verify that all connecting pieces are correctly assembled and not obstructed. Ensure the rotation mechanism is free from debris.

SPECIFICATIONS

- **Product Dimensions:** 7.87 x 2.36 x 9.45 inches
- **Item Weight:** 1.41 pounds
- **Material:** ABS Plastic
- **Number of Pieces:** 725
- **Recommended Age:** 14 years and up
- **Model Number:** Fish Tank
