Solo Stove Mesa XL

Solo Stove Mesa XL Tabletop Fire Pit User Manual

Model: Mesa XL

IMPORTANT SAFETY INFORMATION

WARNING: Fire Alert: Keep children away from the fire when the pit is in use. Always exercise extreme caution when operating any fire pit. Failure to follow these instructions could result in fire, property damage, or serious injury.

- Never leave a lit fire pit unattended.
- Place the fire pit on a stable, non-combustible surface.
- Maintain a safe distance from combustible materials, structures, and vegetation.
- Do not use indoors or in enclosed spaces.
- Ensure adequate ventilation.
- Keep a fire extinguisher or water source nearby.
- Allow the fire pit to cool completely before moving or storing.
- Only use recommended fuels (wood or pellets).
- Do not use gasoline, kerosene, or other flammable liquids to start or rekindle a fire.

PRODUCT OVERVIEW

The Solo Stove Mesa XL is a compact, portable tabletop fire pit designed for outdoor use. It features a smokeless design and can be fueled by either wood or pellets. Constructed from durable 304 stainless steel, it includes a stand for stability and a nylon carry bag for portability.

WHAT'S INCLUDED

Your Solo Stove Mesa XL package includes the following components:

Image: A visual representation of the Mesa Tabletop Fire Pit, its accompanying stand, and the nylon carry bag, illustrating all components included in the package.

1. Mesa Tabletop Fire Pit
2. Mesa Stand
3. Nylon Carry Bag

SETUP INSTRUCTIONS

1. **Unpack Components:** Carefully remove all items from the packaging.
2. **Assemble Stand:** The Mesa Stand is designed for easy assembly. Ensure it is securely locked into place to provide a stable base for the fire pit.
3. **Position Fire Pit:** Place the Mesa XL fire pit onto the assembled stand. Ensure the fire pit is centered and stable.
4. **Select Location:** Choose a flat, level, non-combustible outdoor surface away from any overhead obstructions, buildings, or flammable materials.

OPERATING INSTRUCTIONS

Fueling Options: Wood or Pellets

● Easily Burn Pellets or Wood

Image: A hand adding a small piece of wood into the Mesa XL, demonstrating its dual-fuel capability for wood or pellets.

1. **Add Fuel:**

- **For Wood:** Place small, dry pieces of wood into the fire pit. Ensure wood pieces are small enough to fit entirely within the fire pit to promote efficient burning and minimize sparks.
- **For Pellets:** Fill the fire pit with wood pellets up to the internal vent holes. The Mesa XL includes a built-in pellet adapter for this purpose.

2. **Ignite Fire:** Use a fire starter (e.g., a fire starter briquette or natural kindling) to ignite the fuel. Place the fire starter on top of the fuel and light it carefully.

3. **Enjoy the Fire:** The Mesa XL's signature 360° airflow design promotes a smokeless burn once the fire is established and the unit heats up.

Smokeless Signature 360° Airflow™

Image: A close-up view of the flames within the Mesa XL, illustrating the efficient combustion and minimal smoke produced by the 360° airflow design.

4. **Adding More Fuel:** As the fire burns down, carefully add more small pieces of wood or pellets as needed to maintain the flame.
5. **Heat Radius:** The Mesa XL provides a localized heat radius of approximately 2-3 feet, ideal for tabletop ambiance and warmth.

Image: An aerial perspective of the Mesa XL on a wooden table, surrounded by s'mores ingredients, indicating the approximate 2-3 foot heat radius for comfortable enjoyment.

MAINTENANCE AND CARE

- **Cool Down:** Always allow the fire pit to cool completely before attempting any cleaning or maintenance.
- **Ash Removal:** Once cool, carefully empty any ash and unburnt fuel. Dispose of ash responsibly.
- **Cleaning:** Wipe down the exterior with a damp cloth. For stubborn stains, a mild stainless steel cleaner can be used. Avoid abrasive cleaners or scouring pads that could scratch the surface.
- **Storage:** When not in use, store the Mesa XL in its nylon carry bag in a dry, protected area to prevent weather damage and prolong its lifespan.
- **Material:** The fire pit is constructed from durable 304 stainless steel, designed for longevity.

304 STAINLESS STEEL

highly durable & lightweight

TROUBLESHOOTING

Problem	Possible Cause	Solution
Excessive Smoke	Wet or unseasoned wood; too much fuel; insufficient airflow.	Use only dry, seasoned wood or quality pellets. Do not overfill. Ensure air intake holes are clear. Allow the fire pit to heat up for the secondary burn to engage.
Difficulty Starting Fire	Insufficient kindling; wet fuel; poor fire starter.	Use ample dry kindling and a reliable fire starter. Ensure fuel is dry.
Fire Goes Out Quickly	Lack of fuel; small fuel pieces burning too fast.	Add more fuel as needed. For wood, ensure pieces are appropriately sized for a longer burn.

SPECIFICATIONS

- **Model:** Mesa XL
- **Material:** 304 Stainless Steel, Nylon (for carry bag)
- **Product Dimensions:** 7"D x 7"W x 8.6"H
- **Item Weight:** 2.3 Pounds
- **Fuel Type:** Wood, Pellets
- **Color:** Mulberry (as per product variant)
- **UPC:** 850040701920
- **ASIN:** B0BV6D2GYX
- **Manufacturer:** Solo Stove

TAME THE FLAME FIREPIT COVERS
Instructions / Care & Use / Warranty

WARNING
Cover your open flame, extinguish fire in approximately 15 Minutes!

WATERRESISTANT
Keep the outside of your fire pit with our fireproof coating.

ULDERPROOF & FIREPROOF
Keeps sparks and falls from being burned after firepit is covered.

HOW TO USE YOUR TAME THE FLAME COVER

Step 1
Unfold the cover and turn it upside down. Unfold the 4 arm supports, and slide one support through inside of the fire pit. The support will prevent the cover from falling over the fire pit.

Step 2
After the rounded ends of the supports have been inserted into the 4 corresponding slots on the inside of the cover, adjust the supports until they are evenly spaced around the fire pit.

Step 3
Flip the cover back to its upright position and place it on top of your fire pit. Be sure the bottom hemming is touching the ground for best results.

CARE/USE TIPS AND GOOD THINGS TO KNOW

Covers are made of 600 denier polyester with a 2000 denier fireproof coating. The warranty protects your firepit against damage when used under normal conditions and does not cover damage from acts of god, vandalism, neglect, misuse, or improper use. Proof of purchase is required when submitting a warranty claim. Warranty is for replacement of cover only and does not include the fire pit or any other accessories.

WARRANTY
Tame The Flame Covers is a family business and we personally back our product with a NO HASSLE 30 Day Money Back Guarantee. Covers are warranted for 1 year against manufacturing defects for a period of 2 years from the date of purchase. The warranty protects your firepit against damage when used under normal conditions and does not cover damage from acts of god, vandalism, neglect, misuse, or improper use. Proof of purchase is required when submitting a warranty claim. Warranty is for replacement of cover only and does not include the fire pit or any other accessories.
