Olakids CH9966

OLAKIDS 6V Recycling Garbage Truck Electric Vehicle Instruction Manual

Model: CH9966

Introduction

Thank you for choosing the OLAKIDS 6V Recycling Garbage Truck Electric Vehicle. This manual contains important information regarding the safe assembly, operation, and maintenance of your new ride-on toy. To ensure a safe and enjoyable experience for your child, please read this manual thoroughly before first use and keep it for future reference.

Safety Information

Your child's safety is our top priority. Please adhere to all safety guidelines to prevent injury.

- This product is designed for children aged 36 months to 8 years.
- Maximum weight capacity is 77 lbs.
- Always supervise children when operating the vehicle.
- Ensure the safety belt is securely fastened before each use.
- Operate the vehicle only on flat, dry surfaces away from roads, pools, or steep inclines.
- Do not allow children to ride in unsafe areas.
- The product complies with US. CPSIA & ASTM standards, made of non-toxic, odor-free materials.

What's in the Box

Please check the contents of the package to ensure all parts are present:

- 1 x Ride on Car
- 6 x Recycling Accessories
- 1 x 6V Battery (included)
- 1 x Charger
- Instruction Manual

Setup and Assembly

Follow these steps to assemble your OLAKIDS Recycling Garbage Truck:

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Wheel Installation:** Attach the wheels to the axles as per the diagrams in the separate assembly guide. Ensure they are securely fastened.
3. **Steering Wheel Assembly:** Connect the steering wheel to the steering column. Make sure all wires are properly connected if applicable.
4. **Battery Connection:** Locate the battery compartment, typically under the seat. Connect the battery terminals (red to red, black to black).
5. **Initial Charge:** Before first use, fully charge the battery for 8-12 hours. Do not overcharge.

Operating Instructions

Familiarize yourself with the controls and features of your ride-on truck:

- **Power On/Off:** Use the main power switch to turn the vehicle on or off.
- **Forward/Backward:** Select the desired direction using the forward/backward switch.

- **Acceleration:** Press the foot pedal to move the vehicle. Release to stop.
- **Steering:** Turn the steering wheel to control the direction of the truck.
- **Lights and Sounds:** Activate the LED warning lights, horn, and built-in music using the respective buttons on the dashboard or steering wheel.
- **Recycling Function:** The truck features 3 shape-sorting slots on the trunk. Use the included 6 recycling accessories (milk, water, cans, ketchup, tomato sauce) to sort them into the correct slots. A spin button allows you to dump the collected items from the compartment.
- **Cup Holder:** A convenient cup holder is located near the driver's seat, suitable for bottles up to 3 inches in diameter.

Maintenance

Proper maintenance will extend the life of your ride-on truck:

- **Battery Charging:** Recharge the 6V battery after each use. A full charge typically takes 8-12 hours. Do not leave the battery uncharged for extended periods.
- **Cleaning:** Wipe the vehicle with a damp cloth. Do not use harsh chemicals or abrasive cleaners. Avoid spraying water directly onto electrical components.
- **Storage:** Store the vehicle in a dry, cool place away from direct sunlight and moisture. If storing for a long period, ensure the battery is fully charged and disconnect it.
- **Inspection:** Regularly check for loose screws, damaged wires, or worn parts. Replace any damaged components immediately.

Troubleshooting

If you encounter issues with your vehicle, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Vehicle does not move	Battery is low or not connected; Power switch is off; Loose wire connection.	Charge battery; Turn on power switch; Check all wire connections.
Vehicle moves slowly	Low battery; Overloaded vehicle; Operating on uneven surface.	Recharge battery; Reduce weight; Move to a flat, smooth surface.
Lights or sounds not working	Batteries for lights/sounds are dead (if separate); Loose connection.	Replace AA batteries (2 x 1.5V AA batteries required for some functions, not included); Check connections.

Specifications

- **Product Dimensions:** 33.5 x 20 x 23 inches
- **Item Weight:** 30 pounds
- **Item Model Number:** CH9966
- **Manufacturer Recommended Age:** 36 months - 8 years
- **Battery:** 1 x 6V battery (included)
- **Max Weight Capacity:** 77 lbs
- **Speed:** Approximately 2.5 km/hr
- **Material:** Premium PP and Iron
