- **Frame and Plastic Parts:** Wipe clean with a damp cloth and mild soap. Dry thoroughly.

When not in use, store the cot in a clean, dry place away from direct sunlight and extreme temperatures. Ensure it is completely dry before storing to prevent mold or mildew.

- **Cot not attaching securely to stroller:** Ensure the cot is correctly aligned with the attachment points on the Gazelle S Stroller frame. Apply firm, even pressure until you hear a click. Check for any obstructions.
- **Canopy not extending/retracting smoothly:** Check for any fabric caught in the mechanism. Ensure the canopy frame is not bent or damaged.
