## 6. MAINTENANCE AND CARE

---

To ensure the longevity and appearance of your CLP Sofia Chair, follow these maintenance guidelines:

- **Cleaning Fabric Upholstery:** For light soiling, gently wipe the fabric with a damp cotton cloth. For more stubborn stains, use a mild upholstery cleaner according to the product instructions. Test any cleaning solution on an inconspicuous area first. Do not saturate the fabric.
- **Cleaning Wooden Frame:** Wipe the wooden legs with a soft, dry cloth. For deeper cleaning, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or harsh chemicals.
- **Regular Checks:** Periodically inspect all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the fabric to fade and the wood to dry out or crack.
- **Avoid Excessive Moisture:** Protect the chair from excessive moisture and humidity.

## 7. TROUBLESHOOTING

- **Chair wobbles after assembly:** Ensure all screws connecting the leg frame to the seat are tightened evenly and securely. Loosen slightly, adjust the chair on a flat surface, then re-tighten.
- **Squeaking noises:** Check all connections and tighten any loose screws. Applying a small amount of silicone spray to the joints (avoiding fabric) may help.
- **Fabric stain:** Refer to the cleaning instructions in Section 6. Act quickly to treat stains.
