## RELAX4LIFE RXE-70591-HW

# RELAX4LIFE Wicker Outdoor Storage Ottoman Instruction Manual

Model: RXE-70591-HW

## INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your RELAX4LIFE Wicker Outdoor Storage Ottomans. These ottomans are designed for outdoor use, offering versatile functionality as footrests, additional seating, side tables, and hidden storage. Please read this manual thoroughly before assembly and use to ensure proper function and longevity of your product.

## SAFETY INFORMATION

---

- Always keep cushions dry to prolong their service life.
- Ensure all screws are securely tightened after assembly and periodically check for tightness.
- Do not exceed the weight capacity of 350 lbs per ottoman.
- Avoid placing hot items directly on the rattan surface without protection.
- Keep the product away from open flames or extreme heat sources.
- Supervise children when they are near or using the ottomans.

## PACKAGE CONTENTS

---

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or

damaged, please contact customer support.

- 2 x Patio Rattan Ottomans (main frames)
- 2 x Cushions
- 1 x Instruction Manual (this document)
- Hardware pack (screws, washers, Allen key)

## SETUP AND ASSEMBLY

---

Assembly of the RELAX4LIFE Wicker Outdoor Storage Ottomans is designed to be straightforward. Please follow these steps carefully.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratching.
2. **Identify Parts:** Refer to the included parts diagram (if available in physical manual) and identify each component.
3. **Initial Fastening:** Begin assembling the ottoman frames. **Important: Do not fully tighten any screws until all holes are aligned and all components are loosely connected.** This allows for minor adjustments during assembly.

4. **Final Tightening:** Once all parts are correctly aligned and loosely assembled, gradually tighten all screws using the provided Allen key. Ensure all connections are firm and secure.
5. **Place Cushions:** Position the removable cushions on top of the ottomans. The cushions feature horn buttons and elastic ropes to keep them in place.

## OPERATING INSTRUCTIONS

Your RELAX4LIFE Wicker Outdoor Storage Ottomans offer multiple uses:

- **Footrest:** Use the ottoman with the cushion in place as a comfortable footrest.
- **Additional Seating:** The sturdy construction allows the ottoman to serve as extra seating. Ensure the cushion is properly secured.
- **Side Table:** Remove the cushion to use the ottoman as a convenient side table for drinks or small items.
- **Hidden Storage:** Lift the top of the ottoman using the flexible hinges to access the internal storage space. This area is suitable for storing items such as cushions, pool toys, or gardening tools.

- **Metal Frame:** The internal metal frame is rustproof. However, regular cleaning and inspection can help maintain its condition.
- **Winter Storage:** For prolonged product life, especially in harsh winter conditions, consider storing the ottomans indoors or covering them with protective outdoor furniture covers.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Ottoman feels unstable or wobbly.	Screws are not fully tightened. Uneven surface.	Ensure all assembly screws are securely tightened. Move the ottoman to a flat, level surface.

Problem	Possible Cause	Solution
---------	----------------	----------

Cushions slide off easily.	Horn buttons or elastic ropes not engaged.	Ensure the elastic ropes on the cushions are properly attached to the horn buttons on the ottoman frame.
Water inside storage compartment.	Exposure to heavy rain. Lid not fully closed.	While the ottomans are weather-resistant, they are not fully waterproof. Avoid leaving items susceptible to water damage inside during heavy rain. Ensure the lid is fully closed. Consider using a waterproof liner for sensitive items or a protective cover for the entire ottoman during inclement weather.
Difficulty aligning screw holes during assembly.	Screws were tightened too early.	Loosen all screws completely. Align all parts and insert screws loosely before gradually tightening them all.
