Operating Instructions

Maintenance

Proper care will ensure the longevity and appearance of your patio lounge chair.

- **Cleaning the Rattan:** The PE rattan material is easy to clean. Wipe the surface with a damp cloth

and mild soap. Avoid harsh chemicals or abrasive cleaners.

- **Cushion Care:** The cushion cover is removable for easy washing. Follow the care instructions on the cushion label. Allow the cushion to air dry completely before re-attaching.
- **Weather Protection:** During periods of non-use or harsh weather (rain, snow, frost), it is highly recommended to cover the sunbed with a protective cover or store it indoors to prevent damage and extend its lifespan.
- **Frame Inspection:** Periodically check all bolts and connections to ensure they remain tight. Tighten if necessary.

Troubleshooting

If you encounter any issues with your vidaXL Patio Lounge Chair, please refer to the following common solutions:

- **Difficulty Adjusting Backrest:** Ensure no obstructions are present in the adjustment mechanism. Check if the mechanism is clean and free of debris. If the issue persists, inspect the connecting hardware for looseness.
- **Wobbling/Instability:** Verify that all assembly bolts are securely tightened. Ensure the lounge is placed on a flat, even surface.
