Coodoo Magnetic Building Tiles Instruction Manual

Model: COODOO-D

INTRODUCTION

Thank you for choosing Coodoo Magnetic Building Tiles. This set is designed to inspire creativity and foster developmental skills through engaging play. These durable, colorful magnetic tiles allow children aged 3 and up to construct various 2D and 3D structures, promoting STEM learning, motor skills, and imaginative thinking. Please read this manual carefully to ensure safe and optimal use of your magnetic tile set.

PRODUCT FEATURES

- **Super Value Upgrade Set:** This 60-piece set includes rainbow bricks in various shapes, featuring unique balconies and awning pieces designed to fit over hollow square tiles, perfect for building castles, mansions, and more.
- **Safe & Convenient:** Crafted from premium-grade plastic for durability. The set includes a convenient storage bag for easy organization and transport.
- **STEM Montessori & Sensory Toys:** Magnetic tiles come in a variety of colors and shapes, making them an engaging STEM toy. Building with these tiles enhances hand-eye coordination, cognitive development, and sensory skills.
- **Great for Classrooms:** Ideal for preschool and kindergarten settings, these tiles keep hands busy and enhance motor skills, also serving as tactile and sensory fidget toys.

PACKAGE CONTENTS

Your Coodoo Magnetic Building Tiles set includes:

- 60 x Magnetic Building Tiles in various shapes and colors (squares, triangles, unique balcony and awning pieces).
- 1 x Storage Bag.
- 1 x Cardboard Insert (may contain basic building ideas).

SAFETY INFORMATION

WARNING: This product is not suitable for children under 3 years of age due to small parts that could pose a choking hazard. Adult supervision is recommended during play. Ensure all magnetic tiles are intact and free from damage before and after each use. Discard any broken or damaged tiles immediately to prevent exposure to magnets.

ASSEMBLY INSTRUCTIONS

Coodoo Magnetic Building Tiles are designed for intuitive assembly. The magnets embedded within each tile allow for easy connection and disconnection, enabling children to build various structures without complex instructions.

1. **Connect Tiles:** Simply bring two magnetic tiles together. The magnets will align and connect automatically.
2. **Form Shapes:** Use different shapes (squares, triangles) to create flat 2D designs on a surface.
3. **Build 3D Structures:** To create 3D structures like cubes, pyramids, or houses, connect the edges of the tiles. The strong magnets will hold the structure together.
4. **Utilize Special Pieces:** Incorporate the unique balcony and awning pieces by attaching them to the sides of square tiles to add architectural details to your creations.

CREATIVE PLAY IDEAS

The possibilities with Coodoo Magnetic Building Tiles are endless. Encourage open-ended play and exploration. Here are a few ideas to get started:

- **Geometric Shapes:** Create various 2D geometric shapes like squares, triangles, rectangles, and hexagons.
- **Buildings:** Construct houses, towers, castles, and other architectural designs.
- **Vehicles:** Build cars, trains, boats, or even rockets.

- **Animals:** Form different animal shapes using a combination of tiles.
- **Color Sorting:** Use the vibrant colors to practice color recognition and sorting.
- **Pattern Recognition:** Create repeating patterns and sequences with the tiles.

CARE AND MAINTENANCE

- **Cleaning:** Wipe the tiles with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners.
- **Drying:** Ensure tiles are completely dry before storing to prevent moisture damage.
- **Storage:** Store the tiles in the provided storage bag or a designated container to keep them organized and prevent loss. Avoid prolonged exposure to direct sunlight or extreme temperatures.

- **Inspection:** Regularly inspect tiles for any cracks, chips, or exposed magnets. Discard damaged tiles immediately.

TROUBLESHOOTING

- **Tiles Not Sticking:** Ensure the tiles are clean and free from debris. Check if the magnets are properly aligned. If a tile is damaged, its magnetic properties may be compromised.
- **Weak Connections:** For larger or taller structures, ensure a stable base and distribute weight evenly. The strength of the magnetic connection is generally sufficient for most designs.
- **Lost Pieces:** Utilize the provided storage bag to minimize loss of individual tiles.
