IMPORTANT SAFETY INFORMATION

Always follow these safety guidelines to prevent injury or death. Keep this manual for future reference.

- Ensure all parts are correctly assembled and securely fastened before each use.
- Never use the bassinet if any parts are missing, damaged, or broken. Contact customer service for replacement parts.
- Do not place additional padding or bedding under the infant. Use only the mattress provided by the manufacturer.
- Always place your baby on their back to sleep.
- The bassinet is suitable for infants from 0-6 months or up to 20 lbs (9 kg), or until the infant begins to push up on hands and knees, whichever comes first.
- Ensure the bassinet is placed on a firm, flat surface.
- When used as a bedside sleeper, always secure the bassinet to the adult bed using the provided straps to prevent gaps.
- The bassinet features all-side mesh for optimal air circulation and visibility, reducing the risk of suffocation.

SETUP AND ASSEMBLY

1. Unfolding the Bassinet

Remove the bassinet from its carry bag. Unfold the frame until it locks into place. Ensure all locking mechanisms are engaged.

2. Attaching the Mattress

Place the provided mattress securely into the bassinet bed. Ensure it fits snugly without gaps around the edges.

4. Bedside Sleeper Conversion

For co-sleeping, one side of the bassinet can be lowered. Unzip the mesh cover on the desired side. Locate the two levers on the side rails, push them in, and lower the side rail. This allows easy access to your baby from your bed. To raise it back up, pull the levers and lift the rail until it locks into place.
