TMKB Technology Mechanical KeyBoard T68SE

TMKB T68SE 60% Mini Compact USB Wired Gaming Keyboard User Manual

Model: T68SE

1. INTRODUCTION

Thank you for choosing the TMKB T68SE 60% Mini Compact USB Wired Gaming Keyboard. This manual provides essential information for setting up, operating, and maintaining your new keyboard. Designed for optimal gaming and office use, the T68SE combines a compact form factor with robust mechanical switches and vibrant RGB backlighting. Key features include:

- **Mini 66% Compact Layout:** Detachable cable and compact design without a numeric keypad for portability and increased mouse movement space.
- **Optimal Gaming Performance:** 69-key rollover with anti-ghosting ensures all simultaneous key presses are registered.
- **Double-shot Keycaps:** Inscriptions will not wear off, ensuring greater longevity.
- **Ergonomic Design:** Stepped high and low keys reduce hand fatigue during prolonged use.
- **RGB Backlighting:** 20 LED backlight modes with adjustable brightness and breathing frequency.

2. PACKAGE CONTENTS

Please check the package contents upon unboxing:

- TMKB T68SE Mechanical Keyboard
- USB-C to USB-A Cable
- User Manual (this document)

3. SETUP

Follow these steps to set up your TMKB T68SE keyboard:

1. Connect the Keyboard:

Locate the USB-C port on the back of the keyboard. Connect the smaller end of the provided USB-C cable to the keyboard and the larger USB-A end to an available USB port on your computer.

2. System Compatibility:

The keyboard is plug-and-play and compatible with Windows and Mac OS operating systems. No additional drivers are typically required for basic functionality.

Support Windows, Mac OS Vista, Linux (for typing and office only)

4. OPERATING INSTRUCTIONS

4.1 Basic Usage

The TMKB T68SE features a standard US QWERTY layout. Simply plug it in, and it's ready for typing and gaming.

Ergonomic Design

The stepped keys are more suitable for the arc of the human hand tapping action.

Image: A hand resting on the TMKB T68SE keyboard, demonstrating its ergonomic design with stepped keys for comfortable typing.

4.2 Function Key (FN) Combinations

The keyboard utilizes the FN key for accessing secondary functions printed on the keycaps. Press and hold the **FN** key, then press the desired function key.

Combination	Function
FN + F1-F12	Multimedia controls (e.g., Play/Pause, Volume Up/Down, Mute)
FN + Win	Lock/Unlock Windows Key
FN + Arrow Keys	Dedicated arrow key functions (if applicable, as it has separate arrow keys)
FN + Light Icon Key	Cycle through backlight modes
FN + Brightness Up/Down Keys	Adjust backlight brightness

Image: A close-up of the TMKB T68SE keyboard highlighting the separate arrow keys, indicating their dedicated functionality.

4.3 Anti-Ghosting

The TMKB T68SE features 69-key rollover with full anti-ghosting. This means that every key press is registered accurately, even when multiple keys are pressed simultaneously during intense gaming sessions, preventing missed commands.

Full Anti-Ghosting

Support all keys to input at the same time, without conflicting with each other, making your operation faster.

Image: An illustration on the TMKB T68SE keyboard showing multiple keys being pressed simultaneously, indicating its full anti-ghosting capability.

4.4 RGB Backlighting

The keyboard offers 20 different RGB backlight modes. Use the FN key in combination with the designated backlight control keys (usually marked with a light icon or brightness symbols) to cycle through modes, adjust brightness, and change breathing frequency.

5. MAINTENANCE

Proper maintenance ensures the longevity and performance of your keyboard.

- **Cleaning:** Use a soft, dry cloth to wipe down the keycaps and keyboard body. For deeper cleaning, you can use compressed air to remove dust and debris from between the keys.
- **Keycap Removal:** If necessary, keycaps can be carefully removed using a keycap puller (not included) for thorough cleaning or switch replacement (if switches are hot-swappable, which is not specified for this model, so assume they are soldered).
- **Storage:** When not in use, store the keyboard in a clean, dry environment away from direct sunlight and extreme temperatures.

6. TROUBLESHOOTING

If you encounter any issues with your TMKB T68SE keyboard, please refer to the following common problems and solutions:

Problem	Possible Solution
Keyboard not responding	<ul style="list-style-type: none">◦ Ensure the USB-C cable is securely connected to both the keyboard and the computer.◦ Try connecting the keyboard to a different USB port on your computer.◦ Restart your computer.◦ Test the keyboard on another computer to rule out system-specific issues.
Backlight not working or stuck	<ul style="list-style-type: none">◦ Press FN + Light Icon Key to cycle through backlight modes.◦ Press FN + Brightness Up Key to increase brightness.◦ Ensure the keyboard is properly powered via the USB connection.
Certain keys not working	<ul style="list-style-type: none">◦ Check for any physical obstructions under the keycap.◦ Clean the area around the affected key.◦ If the issue persists, contact customer support.
