Vida IT P05LCD

Vida IT Small Battery Pack 5000mAh Portable Charger - Instruction Manual

Model: P05LCD | Brand: Vida IT

INTRODUCTION

This manual provides essential information for the safe and efficient operation of your Vida IT Small Battery Pack 5000mAh Portable Charger. Please read these instructions carefully before use and retain for future reference.

PRODUCT OVERVIEW AND KEY FEATURES

The Vida IT 5000mAh Portable Charger is a compact and lightweight power bank designed for on-the-go charging of various USB-powered devices. Its key features include:

- **5000mAh Capacity:** Provides reliable backup power for smartphones, tablets, and other small electronics.
- **LED Digital Display:** Accurate 0-100% percentage indicator for monitoring remaining battery life.
- **Dual USB-A Output Ports:** Allows charging of multiple devices simultaneously.
- **USB-C Input/Output Port:** Versatile port for both charging the power bank and charging compatible devices.
- **Compact and Lightweight Design:** Easily fits into pockets, bags, or purses, ideal for travel.
- **Compatibility:** Works with a wide range of devices including iPhones, Samsung, Google Pixel, Motorola, Xiaomi, Bluetooth headphones, smartwatches, and heated clothing (5V/2A).
- **Safety Features:** Built-in over-current/voltage protection to ensure safe charging.

WHAT'S IN THE BOX

Upon unpacking, please ensure all items are present:

- 1 x Vida IT 5000mAh Power Bank

- 1 x USB-C Charging Cable
- 1 x User Manual (this document)

SETUP: CHARGING YOUR POWER BANK

Before first use, it is recommended to fully charge your Vida IT power bank.

1. Connect the provided USB-C charging cable to the USB-C input/output port on the power bank.
2. Connect the other end of the USB-C cable to a compatible USB power adapter (not included) or a computer's USB port.
3. The LED digital display will show the charging progress (0-100%).
4. Once the display shows 100%, the power bank is fully charged and ready for use. Disconnect the cable.

Accurate Power Display

Bright LED 0-100%

OPERATING INSTRUCTIONS: CHARGING YOUR DEVICES

To charge your electronic devices using the Vida IT power bank:

1. Press the power button on the side of the power bank to activate the LED display and power output.
2. Connect your device's charging cable to one of the available USB-A output ports or the USB-C input/output port on

the power bank.

3. Connect the other end of the cable to your device.
4. Your device should begin charging automatically. The power bank's LED display will show the remaining charge.
5. Once your device is fully charged, disconnect it from the power bank. The power bank will automatically turn off after a period of inactivity.

Portable Power For all USB Devices

**iPhone & Android
Phones**

Tablet PCs

Heated Clothing

Gaming & Portable Audio

Charging Heated Clothing

This power bank is compatible with 5V 2A heated clothing and devices. Connect your heated garment's USB cable to one

of the power bank's USB-A output ports. Ensure the heated clothing requires 5V/2A input for optimal performance.

PORTABLE POWER FOR HEATED CLOTHES

Heated Jacket

Heated Pants

Heated Scarf

Heated Gloves

Heated Vest

MAINTENANCE

- **Regular Recharging:** To maintain battery health, recharge the power bank every 4 months, even if not in use.
- **Avoid Liquids:** Do not expose the power bank to water or any other liquids.

- **Prevent Drops:** Handle with care to avoid dropping or physical impact.
- **Temperature Control:** Avoid exposure to extreme temperatures (hot or cold).
- **Do Not Disassemble:** Do not attempt to open or disassemble the power bank. This will void the warranty and may cause damage or injury.

TROUBLESHOOTING

If the power bank is not charging or not charging your device:

- Ensure the power bank itself is sufficiently charged (check the LED display).
- Verify that all cables are securely connected to both the power bank and your device.
- Try using a different charging cable or a different USB port on the power bank.
- Ensure your device is compatible with the power bank's output specifications (5V/2A).

SPECIFICATIONS

Model Number	P05LCD
Battery Capacity	5000 Milliamp Hours (UN 38.3 Battery Cell)
Input Power	5V 2.1A
Output Power	5V 2.1A (Dual USB-A, USB-C)
Product Dimensions	3.81 x 2.44 x 0.59 inches
Item Weight	4.4 ounces
Special Features	LED Display, Pocket Size, Lightweight Mini Design, Over-current/voltage protection

SAFETY GUIDELINES

Please adhere to the following safety guidelines to prevent damage or injury:

- Do not drop, short circuit, or operate under high temperature conditions.
- If the device or the battery swells or becomes malformed, please stop using it immediately.
- Keep out of the reach of children. Intended for adult use only.
- All cells are UN and IEC tested for long-lasting life and feature over-current/voltage protection.
