3. PRODUCT OVERVIEW

The Blackview Airbuds 8 are designed for a comfortable fit and high-quality audio experience. They feature Bluetooth 5.3 connectivity, touch controls, and multiple noise control modes.

Figure 3.1: Blackview Airbuds 8 Earbuds and Charging Case

The charging case features an LED display indicating the battery level of the case and the charging status of the earbuds.

4. SETUP

4.1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Use the provided Type-C charging cable to connect

the case to a power source.

- **Charging Case:** Connect the Type-C cable to the charging port on the case and a USB power adapter. The LED display on the case will show the battery percentage during charging.
- **Earbuds:** Place the earbuds into the charging case. Ensure they are correctly seated in their respective slots. The earbuds will automatically begin charging. The LED indicators on the earbuds will show their charging status, and the case display will show their individual battery levels.
